

INFORMATION REPORT

DATE ISSUED: August 8, 2008
REPORT NO: HCR 08-84
SUBJECT: Annual Report of FY08 Collection Write-Offs
(Citywide)

NO ACTION IS REQUIRED ON THE PART OF THE HOUSING COMMISSION

SUMMARY

The Property Management Section provides management services for 1,740 publicly owned housing units. A major responsibility is the collection of rent and other costs resulting from occupancy that may be charged to residents upon move-out. The classifications of such charges are: unpaid rent, late fees, maintenance, resident-caused damages and court-defined legal fees. Occasionally, a former resident owing a debt will fail to meet his or her obligations for various reasons. The debt is then designated as a "write-off." Current practice calls for writing-off accounts older than 90 days.

Although an account is written off, the file on each resident is retained in a collection status. A person owing a debt to the Housing Commission is not provided rental assistance at any future date until and unless the debt is liquidated. All debt in excess of \$100 is sent to a collection agency. In addition, other methods of collection are pursued including judgments, abstracts, and the garnishment of wages. In FY05, the Housing Commission initiated participation in the State of California's Franchise Tax Board Interagency Intercept Collection Program, whereby debtor tax refunds and lottery winnings are intercepted and forwarded to the Housing Commission.

On February 22, 1980, the Housing Commission delegated authority to the Chief Executive Officer to write off uncollectible accounts to collection losses and further required the submission of quarterly reports on such actions. In 1995, the frequency of this report was modified to annually.

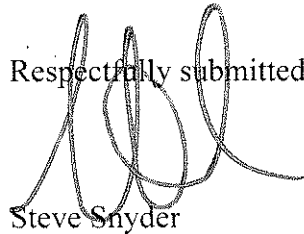

U.S. Department of Housing Development (HUD) has established ten percent of rental income per year as an acceptable standard for collection loss. In the past five years, the Housing Commission's average collection loss has been approximately 1.01% of loss to total income. In FY08, the collection write-off amount was \$138,878.59 or 0.95%, down from 1.59% (\$206,664) in FY07. During FY08 collection loss recovery totaled \$45,241.

A breakdown of the annual write-off and a history of collection losses are provided as Attachments 1 and 2.

DESCRIPTION AND AMOUNT OF WRITE-OFFS FOR FY08

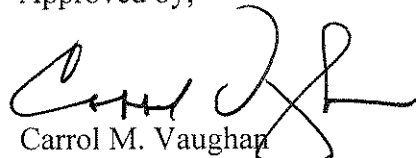

PROGRAM	RENT	MAINT	LATE	LEGAL	SUNDRY	TOTAL
Conventional - HUD	\$39,138.93	\$60,985.80	\$2,865.71	\$4,440.00	\$417.13	\$107,847.57
