

HOME SAFE HOME PROGRAM

Thinking About Buying or Renting a Home? Make Sure Your New Home is Lead-Safe

What is the Lead-Safe Housing Registry?

Required by the U.S. Department of Housing and Urban Development, the Lead-Safe Housing Registry was created by the City of San Diego's Lead Safe San Diego program to provide information to potential renters and buyers about the lead safety status of housing constructed before 1978 and located within the City of San Diego. All of the properties listed in this registry were tested to assure all lead hazards were made "lead-safe" as of the date indicated, as a result of rehabilitation grants administered by the San Diego Housing Commission through the Lead Safe San Diego program.

When is a Property "Lead-Safe"?

The "lead-safe" status of a pre-1978 structure can only be determined by certified Lead Inspector/Risk Assessor. A property is considered "lead-safe" when all lead hazards have been removed or contained using various remediation methods. "Lead-safe" does not mean that all lead has been removed. When lead remains on the property after remediation, the surfaces of these components must be properly maintained in order to remain "lead-safe."

What is a "Lead-Free" Property?

"Lead-free" does not mean that a property is free from lead. Trace elements of lead can be found in almost all properties, regardless of the year they were built. A "lead-free" property is one that has been tested by a certified Lead Inspector/Risk Assessor for the presence of lead on painted surfaces, in the soil and in dust, and has been determined to be below allowable State or Federal levels identified as hazardous.

Disclaimer: The San Diego Housing Commission (SDHC), the Housing Authority of the City of San Diego and the City of San Diego do not assume any liability or responsibility for the veracity of the test results, or the classification of the housing as either "lead-safe" or "lead-free." While SDHC, the Housing Authority of the City of San Diego and the City of San Diego have no reason to suspect that the determinations of "lead-safe" or "lead-free" are incorrect, they, and each of them, assume no liability for personal injury, damages, claims, costs, losses, fees, expenses of any kind or nature arising out of the occupancy of the units listed in the Lead-Safe Housing Registry. You are encouraged to immediately report any evidence of the presence of any lead found in any improper condition, within the listed units, to both the owners of the housing and Lead-Safe Housing Registry. Contact the Lead-Safe Housing Registry by phone at (619) 578-7521 or by email at housingrehabilitation@sdhc.org.
