An informational item will be presented on the City of San Diego's Community Action Plan on Homelessness.

The San Diego City Council (City Council) unanimously accepted the Community Action Plan on Homelessness (Community Action Plan) on October 14, 2019. The Community Action Plan is a comprehensive, 10-year plan that builds on recent progress, lays out short-term achievable goals and serves as a guide for long-term success in addressing homelessness.

Upon acceptance of the Community Action Plan, a citywide interagency Leadership Council was created to oversee and provide guidance and direction on the Community Action Plan.

The Community Action Plan Implementation Team and Project Manager provide recommendations to the Leadership Council and carry out actions and activities to achieve the Community Action Plan goals based on priorities within the framework of each of the five foundational strategies of the Community Action Plan.

This presentation will highlight major milestones and accomplishments in the first year of the Community Action Plan implementation, key activities that were activated during the COVID-19 pandemic, and areas of focus for the next calendar year.

Respectfully submitted,
