SUBJECT: Proposed Fiscal Year 2022 City of San Diego Affordable Housing Fund Annual Plan

COUNCIL DISTRICT: Citywide

REQUESTED ACTION

Recommend that the San Diego City Council approve the proposed Fiscal Year 2022 City of San Diego Affordable Housing Fund Annual Plan.

STAFF RECOMMENDATION

That the San Diego Housing Commission (Housing Commission) recommend that the San Diego City Council (City Council) take the following actions:

- 1) Approve the Proposed Fiscal Year 2022 (FY 2022) City of San Diego Affordable Housing Fund (AHF) Annual Plan (Annual Plan) Program Activity Allocation of \$60,213,486 in anticipated funds (also included in the FY 2022 Housing Commission Proposed Budget) and the proposed Model Programs; and
- 2) Authorize the Housing Commission's President & Chief Executive Officer (President & CEO), or designee, to reallocate funds among the proposed Model Programs included in the FY 2022 AHF Annual Plan in response to market demands and opportunities.

SUMMARY

On June 3, 2003, the City Council amended San Diego Municipal Code (Municipal Code) Chapter 9, Article 8, Division 5 (Code) to create an Affordable Housing Fund. It was created to meet, in part, the housing needs of the City of San Diego's (City) very low-, low-, and median-income households and has two permanent, annually renewable funding sources:

1. Inclusionary Housing Fund (IHF), which is funded from fees charged to residential development; and
2. Housing Trust Fund (HTF), which is funded from fees charged to commercial development.

The Municipal Code requires the San Diego Housing Commission (Housing Commission) to adopt an Annual Plan for the use of the AHF revenues and prescribes parameters for the distribution of those projected revenues. The AHF Annual Plan must include a description of all proposed programs to be funded, intended beneficiaries and the allocation of anticipated funds. The AHF Annual Plan must be presented to the Housing Commission and City Council for approval by June 30 of each year.

Staff has proposed the FY 2022 (July 1, 2021 – June 30, 2022) allocations in accordance with estimated available resources and previously approved policy objectives. All proposed allocations are estimates. Attachment 2 details the FY 2022 projected revenue and fund balances and provides descriptions of AHF revenue sources. Attachment 3 shows the proposed allocation of funds by activity, as well as production estimates. Actual allocations will depend on Housing Commission and City Council final approvals, the timing of project applications, funding commitments and expenditure deadlines of other available funding sources. Attachment 4 shows approved and pending projects with funding from the AHF.

The proposed AHF Annual Plan (Attachment 1) describes the purpose and intent for the use of the AHF, descriptions on the uses of the two permanent sources of funds, fund allocations (inclusive of the reallocation of discontinued funds) and production.

Proposed Changes in the Model Programs

Housing Commission staff is recommending the following changes to the Model Programs:

1. Add the Homelessness Response Center Program, which help individuals and families who are experiencing homelessness obtain and maintain permanent housing.

AFFORDABLE HOUSING IMPACT

If all anticipated FY 2022 funds are collected and allocated as proposed, the estimated affordable housing production impact would be: 1) Gap financing for approximately 129 rental units created for very low-income households; 2) 34 low- to median-income first-time homebuyers assisted (other funding sources will enable the first-time homebuyer program to assist additional households); 3) 138 Transitional Housing beds provided for very low-income, formerly homeless individuals and families; 4) Interim Housing for 125 extremely low- to low-income families or 450 individuals; 5) assistance to 40 households through Rapid Rehousing; 6) 1,000 households housed through the Landlord Engagement Program; 7) 321 households diverted out of the homeless system through the Prevention and Diversion Program and Flexible Spending Program; and 8) assistance for up to 800 individuals through the Family Reunification Program .

FISCAL CONSIDERATIONS

The proposed funding sources and uses approved by this action are included in the proposed FY 2022 Housing Commission budget. Approving this action will not change the FY 2022 Total Budget, but will allocate funding sources among uses as shown in the following table:

PREVIOUS COUNCIL and/or COMMITTEE ACTION

The San Diego City Council has adopted an AHF Annual Plan each year in accordance with the Municipal Code.

On December 10, 2019, the City Council voted 7-2 to approve Municipal Code amendments (Ordinance No. O-21167) to update the Inclusionary Housing Ordinance. The updated ordinance will require new residential and mixed-use developments to include 10 percent of the on-site rental units as affordable housing for individuals with income up to 60 percent of the Area Median Income. Alternative compliance measures include the ability to pay a fee of \$25 per square foot to support the development of affordable rental housing, development of inclusionary units off-site, rehabilitation of existing units, and land dedication. These provisions will be phased in over five years, beginning on July 1, 2020.

On March 8, 2016, the City Council voted 9-0 to approve Municipal Code amendments that would allow the payment of the Housing Impact Fees, which are charged to commercial developments, to be deferred from building permit issuance to final inspection through the use of a Fee Deferral Agreement. The Municipal Code revision implemented one of the requested changes in the Memorandum of Understanding between the Housing Commission and the Jobs Coalition, and is based on the existing City of San Diego fee deferral program for Facilities Benefit Assessments and Development Impact Fees.

COMMUNITY PARTICIPATION and PUBLIC OUTREACH EFFORTS

Housing Commission staff attended community planning group meetings in Midway-Pacific Highway, Chollas Valley, and Del Mar Mesa and organized two citywide virtual meetings in an effort to increase outreach. Staff gave a brief overview of the AHF, annual plan process and FY 2022 funding projections, with instructions on how to provide written comments. The public was able to submit written comments through March 23, 2021. The Housing Commission received no written comments.

KEY STAKEHOLDERS and PROJECTED IMPACTS

The beneficiaries of AHF programs are extremely low- to median-income households in the City of San Diego. Residential developers, nonprofit housing providers, and financial institutions may also be impacted by program changes.

ENVIRONMENTAL REVIEW

Approval of the FY 2021 AHF Annual Plan is not a project as defined by the California Environmental Quality Act (CEQA) Section 21065 and State CEQA Guidelines Section 15378(b)(4), as it is a government fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. The determination that this activity is not subject to CEQA, pursuant to Section 15060(c)(3), is not appealable and a Notice of Right to Appeal the Environmental Determination (NORA) is not required. To the extent that this action is determined to be a project it is exempt from the provisions of CEQA, 14 CCR § 15061(c) because the activity is covered by the common sense exemption because CEQA applies only to projects which have the potential for causing a significant effect on the environment. Here it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is, therefore, not subject to CEQA. Approval of the Annual Plan is also exempt under the National Environmental Policy Act pursuant to Section 58.34(a)(2) and (3) of Title 24 of the Code of Federal Regulations.

CITY OF SAN DIEGO AFFORDABLE HOUSING FUND

Fiscal Year 2022 Annual Plan

INTRODUCTION

The City of San Diego Affordable Housing Fund (AHF) was created by the San Diego City Council (City Council) on June 3, 2003, as a permanent and annually renewable source of revenue to help meet the housing needs of the City of San Diego's (City) lower-income households. The City Council expressed the purposes of the AHF in San Diego Municipal Code Chapter 9, Article 8, Division 5 (Code):

- Meet a portion of the need for housing that is affordable to households with very low, low, and median incomes;
- Leverage every \$1 of City funds with \$2 of non-City capital funds;
- Support the City's Balanced Communities Policy by fostering a mix of family incomes in AHF-assisted developments and dispersing affordable housing developments throughout the City;
- Preserve and maintain affordable rental and ownership housing; and
- Encourage private sector activities that advance these goals.

The AHF Annual Plan (Annual Plan) implements the City Council's intent by adopting an overall strategy for use of the AHF. Development of the Annual Plan is guided by the San Diego Housing Commission's (SDHC) annual budget process.

The Annual Plan provides revenue forecasts and suggested Fiscal Year (FY) 2022 fund allocation and production estimates. Proposed fund allocation takes into consideration policy parameters set by the Code, availability and requirements of other affordable housing funding sources, and the goals and objectives set forth in SDHC's FY 2022 Budget.

The FY 2022 Annual Plan also includes a description of SDHC's Model Programs. Model Programs reflect programs to which the investment of AHF funds is permitted, but is not required. In addition, they are not intended to preclude investment in an opportunity that is not specifically described in the Model Programs section.

OVERVIEW

The AHF is composed of two permanent, annually renewable funding sources:

Housing Trust Fund (HTF)

HTF is funded from fees charged to commercial development. Per Section 98.0504 of the Code, HTF funds may be used in any manner, through loans, grants or indirect assistance for the production and maintenance of assisted units and related facilities.

Inclusionary Housing Fund (IHF)

IHF is funded from fees charged to residential development. The expenditure of IHF is governed by Section 98.0505 of the Code. Priority is given to the construction of new affordable housing stock. Funds may also be used for other programs if approved by City Council in the Annual Plan. SDHC monitors the revenue collected and is responsible for reinvesting the funds.

IHF also allows for funds to be expended on other programs administered by SDHC with City Council approval. Recognizing the significant need for affordable housing, including housing and services for individuals experiencing homelessness, SDHC will invest the funds in the following activities:

➤ Rental Housing Production

- New construction
- Acquisition and acquisition with rehabilitation
- Preservation of existing affordable rental housing

Rental units shall be affordable at or below 65 percent of San Diego Area Median Income (AMI) for a minimum of 55 years, unless otherwise approved in the activities listed in the Model Programs. Some activities require that developers apply for funding via SDHC's Notice of Funding Availability (NOFA).

➤ Companion Unit Finance Pilot Program

Program to finance the construction of Companion Units. Financing may be achieved through various loan products.

➤ Homeownership Opportunities

Financing programs to encourage and increase homeownership opportunities for low- to median-income households at or below 100 percent of AMI. First-time homebuyers apply through participating lenders.

➤ Homeless Housing Activities

Homeless Housing Activities include funding for construction or rehabilitation of permanent supportive housing units, capitalized operating reserves for permanent supportive housing developments, transitional housing and interim housing operations support grants, and rapid rehousing. Funds are also spent on activities to provide housing for families and individuals at risk of or experiencing homelessness through programs like homelessness prevention, shelter diversion, and rapid rehousing.

Program Funds (HTF Other)

AHF revenues consist primarily of fees and loan repayments from the Inclusionary Housing Fund and the Housing Trust Fund. There are several sources of HTF revenue discontinued as primary revenue sources between 1993 and 1997 that continue to generate HTF revenue through loan repayments and interest. These sources are the

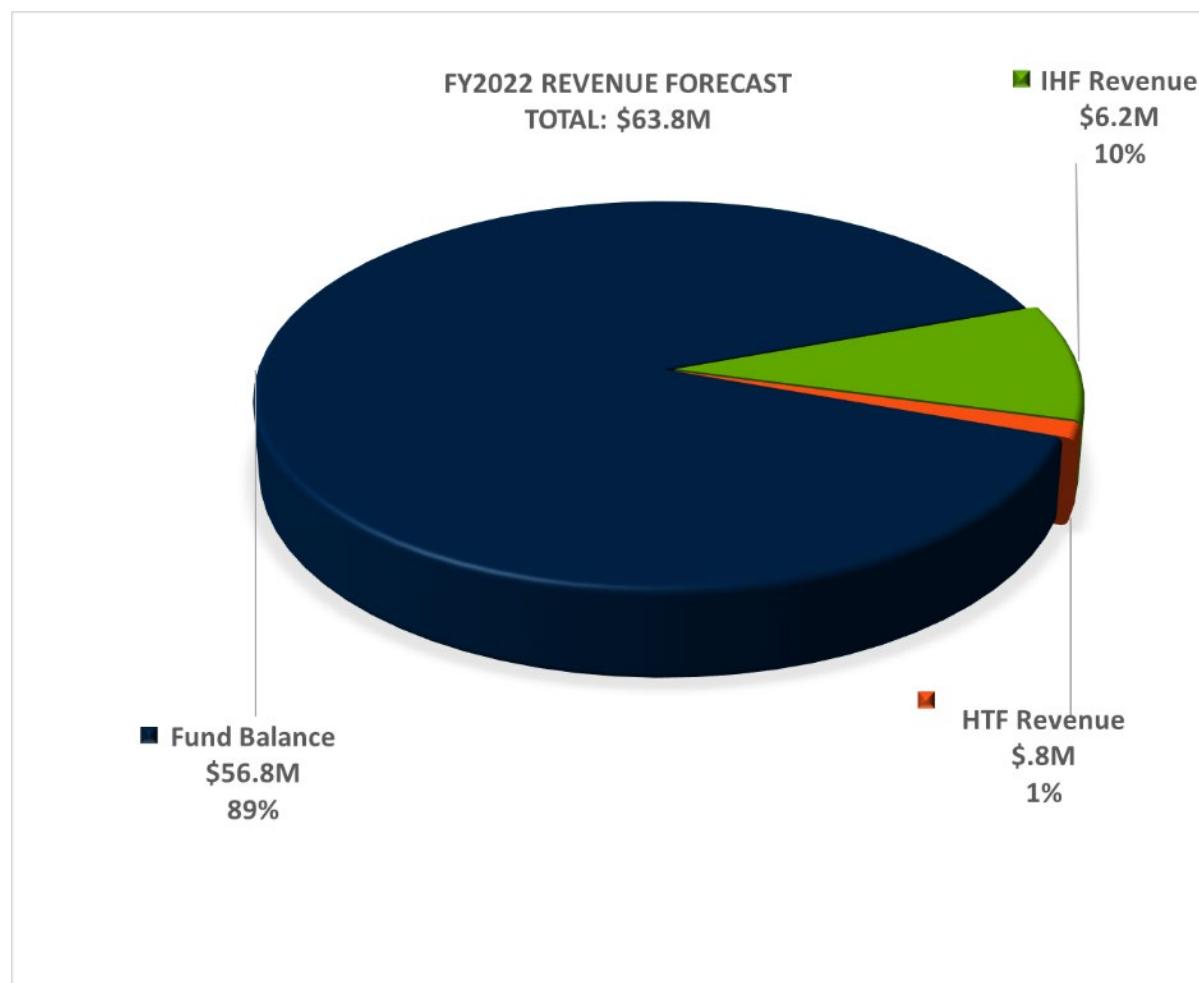

Transient Occupancy Tax (TOT) Funds, the Housing Rehabilitation Trust Fund, and the Redevelopments Funds. These funds will be reallocated to be used as approved in the FY 2022 Proposed Allocation.

FY 2022 AHF ANNUAL PLAN

Revenue Forecast

Approximately \$63.8 million is expected to be available in FY 2022, consisting of \$7.0 million in new revenue and loan repayments and \$56.8 million in estimated fund balances. Of the fund balances, \$32.9 million is committed to affordable housing production through loans and through NOFAs (FY 2017 – FY 2021). The remaining fund balance is available to fund additional projects and activities. New revenue includes HTF Housing Impact Fees (also known as Commercial Linkage Fees) and IHF Fees.

Fund Allocation and Production

Funding recommendations are made in accordance with established SDHC policies and require approval of specific projects and activities by the SDHC Board of Commissioners and/or the Housing Authority of the City of San Diego (Housing Authority). Some discretionary transfer of funds between eligible activities is permitted, but all funding recommendations must be consistent with the Annual Plan and SDHC's budget process. The proposed allocation of AHF funds for FY 2022 is as follows:

Scope	An amortized second trust deed loan program that would finance the construction of Companion Units, also known as Accessory Dwelling Units. Financing may be achieved through one or more of the following options: 1. Short-term construction loans from SDHC with permanent take-out financing from a bank; 2. Permanent loan financing from SDHC; or 3. Other, to-be-identified loan product, such as gap financing or loan guarantee programs.
Target Population	Financing options should be available to both Low-to-Moderate Income (LMI) and non-LMI homeowners who meet program eligibility and underwriting guidelines. Household AMIs and affordability terms are determined by the available funding source. Completed Companion Units may meet the following affordability criteria: 1. Rented to Section 8 Housing Choice Voucher holders or restricted to tenants with 30 percent, 60 percent, 80 percent, and/or 100 percent of AMI for the duration of a defined affordability period (potentially 7 – 15 years) if homeowner is non- LMI 2. Non-rent-restricted Companion Units if homeowner is LMI (100 percent of AMI) (as Companion Unit may be considered to be naturally occurring affordable housing) By including both LMI and non-LMI homeowners, the intent is to increase housing production, improve financial self-sufficiency, avoid resident displacement, as well as to increase rental housing in high-opportunity neighborhoods.
Loan Terms	Permanent Loan option: Loans would be amortized with principal paid in equal payments throughout the loan term, which corresponds to the affordability term and is determined by the funding source and homeowner AMI. Construction-to-Permanent option: Bank, as the permanent lender, would take out (and refinance) SDHC's short-term construction loan upon construction completion. • Construction Loan Interest Rate: 0-1 percent until take-out • Permanent Loan Interest Rate: Ranges from 1-3 percent
