COUNCIL DISTRICT: Citywide

REQUESTED ACTION

Recommend that the San Diego City Council approve the proposed Fiscal Year 2024 City of San Diego Affordable Housing Fund Annual Plan (Annual Plan) as presented in this report.

STAFF RECOMMENDATION

That the San Diego Housing Commission (Housing Commission) Board of Commissioners (Board) approve the recommendation for the San Diego City Council (City Council) to take the following actions:

- 1) Approve the Proposed Fiscal Year 2024 (FY 2024) City of San Diego Affordable Housing Fund (AHF) Annual Plan (Annual Plan) Program Activity Allocation of \$50,693,499 in anticipated funds (also included in the proposed FY 2024 Housing Commission Budget) and the proposed Model Programs.
- 2) Authorize the Housing Commission's President & Chief Executive Officer (President & CEO), or designee, to reallocate funds among the proposed Model Programs included in the FY 2024 AHF Annual Plan in response to market demands and opportunities.

SUMMARY

On June 3, 2003, the City Council amended San Diego Municipal Code (Municipal Code) Chapter 9, Article 8, Division 5 (Code) to create an Affordable Housing Fund. It was created to meet, in part, the housing needs of the City of San Diego's (City) very low-, low-, and median-income households and has two permanent, annually renewable funding sources:

1. Inclusionary Housing Fund (IHF), which is funded from fees charged to residential development; and
2. Housing Trust Fund (HTF), which is funded from fees charged to commercial development.

The Municipal Code requires the Housing Commission to adopt an Annual Plan for the use of the AHF revenues and prescribes parameters for the distribution of those projected revenues. The AHF Annual Plan must include a description of all proposed programs to be funded, intended beneficiaries and the allocation of anticipated funds. The AHF Annual Plan must be presented to the Housing Commission and City Council for approval by June 30 of each year. The AHF is one of the multiple funding sources

the Housing Commission administers for housing assistance and homelessness programs. The AHF Annual Plan includes the proposed uses of only the AHF and the anticipated outcomes associated with the AHF; it does not reflect all anticipated outcomes for all programs and funding sources the Housing Commission administers.

Staff has proposed the FY 2024 (July 1, 2023 – June 30, 2024) allocations in accordance with estimated available resources and previously approved policy objectives. All proposed allocations are estimates. Attachment 2 details the FY 2024 projected revenue and fund balances and provides descriptions of AHF revenue sources. Attachment 3 shows the proposed allocation of funds by activity, as well as production estimates. Actual allocations will depend on Housing Commission and City Council final approvals, the timing of project applications, funding commitments and expenditure deadlines of other available funding sources. Attachment 4 shows approved and pending projects with funding from the AHF.

The proposed AHF Annual Plan (Attachment 1) describes the purpose and intent for the use of the AHF, descriptions on the uses of the two permanent sources of funds, fund allocations (inclusive of the reallocation of discontinued funds) and production.

Proposed Changes in the Model Programs

Housing Commission staff is recommending the following changes to the Model Programs:

1. Updated the “Rental Housing Finance” and “Middle-Income Housing” loan terms from a maximum term to maturity of 55 years to a minimum term to maturity of 55 years (unless otherwise approved by the Housing Commission).
2. Restructured “Affordable Housing Preservation - Transit-Oriented Development (TOD)” through renaming the program to “Affordable Housing Preservation Revolving Loan Fund - Seed Money Investment,” moving to “Preservation” Model Programs, and updating target population to include households in deed-restricted and Naturally Occurring Affordable Housing (NOAH) properties (previously “mixed-income developments”).
3. Expanded other “Preservation” Model Program loan terms and/or target populations, including “Rental Housing Finance – Multifamily Rental Housing Preservation and Anti-Displacement” loan terms to include forgivable loans and target population to include households residing at naturally affordable properties.
4. Expanded Homeless Housing Initiatives programs through the addition of seniors to target populations for the “City of San Diego Emergency Shelters” and “City of San Diego Bridge Shelters” and inclusion of a new form of incentive payment (one-time financial assistance to remove any immediate barriers to housing) through the Housing Commission’s Landlord Engagement and Assistance Program (LEAP).
5. Omitted the Shallow Subsidy Program.

AFFORDABLE HOUSING IMPACT

If all anticipated FY 2024 funds are collected and allocated as proposed, the AHF’s estimated affordable housing production impact would be: 1) Gap financing for approximately 99 rental units created for very low-income households; 2) 20 first-time homebuyers assisted who meet program eligibility and underwriting guidelines; 3) Financing the construction of up to eight Accessory Dwelling Units; 4) 143 Transitional Housing beds provided for very low-income, individuals and families experiencing homelessness; 5) housing opportunities created for 1,000 households

experiencing homelessness through the Landlord Engagement and Assistance Program (LEAP); 6) rental assistance and wraparound case management to 29 households experiencing homelessness through Rapid Rehousing; and 7) 402 households prevented from becoming homeless and diverted out of the homelessness system through the Prevention and Diversion Program and Flexible Spending Program.

EQUAL OPPORTUNITY CONTRACTING AND EQUITY ASSURANCE

The Housing Commission will continue to ensure the AHF Annual Plan is implemented equitably and in accordance with the model programs. The Housing Commission's Strategic Plan for Fiscal Year (FY) 2022-2024 includes the following statement regarding the Housing Commission's commitment to equity and inclusivity: "At SDHC, we are about people. SDHC embraces diverse approaches and points of view to improve our programs, projects and policies.

- We believe in delivering programs and services in innovative and inclusive ways.
- We are committed to advancing equity and inclusion both internally and externally."

FISCAL CONSIDERATIONS

The proposed funding sources and uses approved by this action are included in the proposed FY 2024 Housing Commission budget. Approving this action will not change the FY 2024 Total Budget, but will allocate funding sources among uses as shown in the following table:

PREVIOUS COUNCIL and/or COMMITTEE ACTION

The San Diego City Council has adopted an AHF Annual Plan each year in accordance with the Municipal Code.

On December 10, 2019, the City Council voted 7-2 to approve Municipal Code amendments (Ordinance No. O-21167) to update the Inclusionary Housing Ordinance. The updated ordinance will require new residential and mixed-use developments to include 10 percent of the on-site rental units as affordable housing for individuals with income up to 60 percent of the Area Median Income. Alternative compliance measures include the ability to pay a fee of \$25 per square foot to support the development of affordable rental housing, development of inclusionary units off-site, rehabilitation of existing units, and land dedication. These provisions will be phased in over five years, beginning on July 1, 2020.

On March 8, 2016, the City Council voted 9-0 to approve Municipal Code amendments that would allow the payment of the Housing Impact Fees, which are charged to commercial developments, to be deferred from building permit issuance to final inspection through the use of a Fee Deferral Agreement. The Municipal Code revision implemented one of the requested changes in the Memorandum of Understanding between the Housing Commission and the Jobs Coalition and is based on the existing City of San Diego fee deferral program for Facilities Benefit Assessments and Development Impact Fees.

HOUSING COMMISSION STRATEGIC PLAN

This item relates to Strategic Priority Area Nos. 1 and 4 in the Housing Commission Strategic Plan for Fiscal Year (FY) 2022-2024. No. 1: Increasing and Preserving Housing Solutions and No. 4: Advancing Homelessness Solutions – Supporting the City of San Diego Community Action Plan on Homelessness.

COMMUNITY PARTICIPATION and PUBLIC OUTREACH EFFORTS

Housing Commission staff presented information about the AHF Annual Plan at community planning group meetings in Rancho Encantada, Skyline-Paradise Hills, and Kearny Mesa. In addition, Housing Commission staff conducted one citywide online meeting. Staff gave a brief overview of the AHF, annual plan process and FY 2024 funding projections, with instructions on how to provide written comments. The public was able to submit written comments through March 29, 2023. The Housing Commission received no written comments.

KEY STAKEHOLDERS and PROJECTED IMPACTS

The beneficiaries of AHF programs are extremely low- to median-income households in the City of San Diego. Residential developers, nonprofit housing providers, and financial institutions may also be impacted by program changes.

ENVIRONMENTAL REVIEW

Approval of the FY 2024 AHF Annual Plan is not a project as defined by the California Environmental Quality Act (CEQA) Section 21065 and State CEQA Guidelines Section 15378(b)(4), as it is a government fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment.

Processing under the National Environmental Policy Act is not required because no federal funds are included in these activities.

CITY OF SAN DIEGO AFFORDABLE HOUSING FUND

Fiscal Year 2024 Annual Plan

INTRODUCTION

The City of San Diego Affordable Housing Fund (AHF) was created by the San Diego City Council (City Council) on June 3, 2003, as a permanent and annually renewable source of revenue to help meet the housing needs of the City of San Diego's (City) lower-income households. The City Council expressed the purposes of the AHF in San Diego Municipal Code Chapter 9, Article 8, Division 5 (Code):

- Meet a portion of the need for housing that is affordable to households with very low, low, and median incomes;
- Leverage every \$1 of City funds with \$2 of non-City capital funds;
- Support the City's Balanced Communities Policy by fostering a mix of family incomes in AHF-assisted developments and dispersing affordable housing developments throughout the City;
- Preserve and maintain affordable rental and ownership housing; and
- Encourage private sector activities that advance these goals.

The AHF Annual Plan (Annual Plan) implements the City Council's intent by adopting an overall strategy for use of the AHF. Development of the Annual Plan is guided by the San Diego Housing Commission's (SDHC) annual budget process.

The Annual Plan provides revenue forecasts and suggested Fiscal Year (FY) 2024 fund allocation and production estimates. The proposed fund allocation takes into consideration policy parameters set by the Code, availability and requirements of other affordable housing funding sources, and the goals and objectives set forth in SDHC's FY 2024 Budget.

The FY 2024 Annual Plan also includes a description of SDHC's Model Programs. Model Programs reflect programs to which the investment of AHF funds is permitted, but is not required. In addition, they are not intended to preclude investment in an opportunity that is not specifically described in the Model Programs section.

OVERVIEW

The AHF is composed of two permanent, annually renewable funding sources:

Housing Trust Fund (HTF)

HTF is funded from fees charged to commercial development. Per Section 98.0504 of the Code, HTF funds may be used in any manner, through loans, grants or indirect assistance for the production and maintenance of assisted units and related facilities.

Inclusionary Housing Fund (IHF)

IHF is funded from fees charged to residential development. The expenditure of IHF is governed by Section 98.0505 of the Code. Priority is given to the construction of new affordable housing stock. Funds may also be used for other programs if approved by City Council in the Annual Plan. SDHC monitors the revenue collected and is responsible for reinvesting the funds.

IHF also allows for funds to be expended on other programs SDHC administers with City Council approval. Recognizing the significant need for affordable housing, including housing and services for individuals experiencing homelessness, SDHC will invest the funds in the following activities:

➤ Rental Housing Production

- New construction
- Acquisition and acquisition with rehabilitation

Rental units shall be affordable for a minimum of 55 years, unless otherwise approved in the activities listed in the Model Programs. Some activities require that developers apply for funding via SDHC's Notice of Funding Availability (NOFA).

➤ Homeownership Opportunities

Financing programs to encourage and increase homeownership opportunities for households that meet program eligibility and underwriting guidelines. First-time homebuyers apply through participating lenders.

- Homeownership First-time Homebuyer Loan Program
- Accessory Dwelling Unit Finance Pilot Program

➤ Homeless Housing Activities

Homeless Housing Activities include funding for construction or rehabilitation of permanent supportive housing units, capitalized operating reserves for permanent supportive housing developments, transitional housing and interim housing operations support grants, and rapid rehousing. Funds are also spent on activities to provide housing for families and individuals at risk of or experiencing homelessness through programs like homelessness prevention, shelter diversion and landlord engagement.

Program Funds (HTF Other)

AHF revenues consist primarily of fees and loan repayments from the IHF and the HTF. Several sources of HTF revenue discontinued as primary revenue sources between 1993 and 1997 but continue to generate HTF revenue through loan repayments and interest. These sources are the Transient Occupancy Tax (TOT) Funds, the Housing Rehabilitation Trust Fund, and the Redevelopments Funds. These funds will be reallocated to be used as approved in the FY 2024 Proposed Allocation.

FY 2024 AHF ANNUAL PLAN

Revenue Forecast

Approximately \$50.7 million is expected to be available in FY 2024, consisting of \$5.8 million in new revenue and loan repayments and \$44.9 million in estimated fund balances. Of the fund balances, \$37.2 million is committed to affordable housing production through loans and through NOFAs (FY 2017 – FY 2024). The remaining fund balance is available to fund additional projects and activities. New revenue includes HTF Housing Impact Fees (also known as Commercial Linkage Fees) and IHF Fees.

Fund Allocation and Production

Funding recommendations are made in accordance with established SDHC policies and require approval of specific projects and activities by the SDHC Board of Commissioners and/or the Housing Authority of the City of San Diego (Housing Authority). Some discretionary transfer of funds between eligible activities is permitted, but all funding recommendations must be consistent with the Annual Plan and SDHC's budget process. The proposed allocation of AHF funds for FY 2024 is as follows:

MODEL PROGRAMS OVERVIEW

SDHC allocates funding on an annual basis among the various activities authorized by the Code. Model Programs change from time to time; they are not intended to preclude investment in an opportunity that is not specifically described in the Model Programs section.

The following is a general description of the possible investment activities planned for FY 2024. These activities are described more fully in Model Programs below.

Rental Housing Production

- *Rental Housing Finance – Affordable Housing*

Financing for developers of affordable housing units with below-market rents. This includes deferred loans, below-market interest rates, and matching funds for State, Federal, and private financing. SDHC's Affordable Housing and Permanent Supportive Housing Notices of Funding Availability (NOFAs) contains additional information regarding SDHC's financial participation in affordable rental housing development, including new construction or acquisition with rehabilitation.

Financing for developers of affordable housing units nearing the end of the last regulatory term imposing affordable housing restrictions. Provides opportunities to assist in securing affordability covenants for up to an additional 15 years.

Homeownership

- *Homeownership Loan Program*

Deferred loan and closing cost grant programs to help first-time homebuyers with the purchase of a home in the City of San Diego.

- *Accessory Dwelling Unit Finance Pilot Program*

A loan program that would finance the construction of Accessory Dwelling Units. Financing may be achieved through various loan products. The intent is to increase housing production, to provide a wealth-generating opportunity to low-income homeowners, as well as to increase rental housing in high-opportunity neighborhoods.

Homeless Housing Initiatives

SDHC's Homeless Housing Innovations Division administers and operates multiple housing initiatives that serve individuals and families experiencing homelessness or at risk of homelessness throughout the City of San Diego. This division oversees the City of San Diego's Homeless Shelters and Services Programs, as well as SDHC's strategic homelessness initiatives, such as the homelessness action plan HOUSING FIRST – SAN DIEGO.

- *Transitional Housing Grants*

A grant and loan program for nonprofit operators of transitional housing. Grants and loans may be used for the leasing or operating of transitional housing facilities, as well as improvements to existing leased facilities.

- *Rapid Rehousing Grants*

Rapid rehousing programs provide rental assistance and case management services to help individuals and families experiencing homelessness to obtain and maintain permanent housing.

- *Landlord Engagement*

The program provides incentives and benefits to landlords with rental properties in the City of San Diego who rent to individuals and families experiencing homelessness. It also provides financial assistance for individuals and families experiencing homelessness to pay for move-in costs.

- *Homelessness Prevention and Diversion*

Homelessness Prevention provides financial assistance and case management services to help individuals and families who are at risk of homelessness to avoid becoming homeless. Diversion helps individuals and families who are newly experiencing homelessness to move into housing and prevent shelter stays.

- *Flexible Spending*

Flexible Funding Pool (FLEX) provides financial assistance for individuals and families experiencing homelessness to remove immediate barriers to obtaining housing. It also provides shallow subsidies for seniors on fixed incomes residing in City shelters to obtain and sustain housing.

Capacity Building

Technical assistance focused on increasing the capacity for service providers, development partners for permanent supportive housing, and homeowners interested in developing Accessory Dwelling Units.

Administration

Funds to provide reasonable compensation to the City of San Diego and SDHC for services related to the administration of the AHF and associated housing programs.

Legal

Expenses to obtain legal services and prepare loan and grant agreements and related documents.
