

REPORT

**DATE ISSUED:** July 2, 2009

**REPORT NO:** HCR 09-052

**ATTENTION:** Chair and Members of the Housing Commission  
For the Agenda of July 10, 2009

**REQUESTED ACTION:**

Approval of the Housing Commission's FY10 Section 8 Administrative Plan

**STAFF RECOMMENDATION:**

Approve the FY10 Section 8 Administrative plan (Attachment 1) that details the proposed changes to the Section 8 program, including the Moving to Work (MTW) initiatives previously approved by the Housing Commission Board on October 13, 2008.

**BACKGROUND:**

HUD requires all Public Housing Authorities (PHA) to adopt a written administrative plan that establishes local policies for program administration. The plan must state the PHA's policy in those areas where the PHA has discretion to establish local policy.

With the recent approval of the Housing Commission's FY10 MTW plan, the Housing Commission must add the initiatives contained in the MTW Plan to the Section 8 Administrative Plan and receive Board approval of the plan prior to implementation of any of the initiatives.

**FISCAL CONSIDERATIONS:**

None with this action

**PREVIOUS COUNCIL and/or COMMITTEE ACTION:**

On September 29, 2008, a workshop was held with the Housing Commission board members to discuss the Housing Commission's reinstatement as a MTW Agency. Included in this meeting was discussion of the various initiatives that the agency intended to implement if approved by the board.

On October 13, 2008 the Housing Commission Board authorized the President and Chief Executive Officer (CEO) to submit an application to HUD for reactivation of the Housing Commission's status as a Moving to Work agency. The subject report included a discussion of the various initiatives staff proposed and included the draft Moving to Work draft plan. The board voted 5-0 in favor of the report. On October 28, 2008, the Housing Authority also voted unanimously in favor of the application for Moving to Work reactivation.

**COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:**

A Public Hearing was held on November 12, 2008 at the Housing Commission's central office to give the public an opportunity to view and discuss the proposed MTW plan. The public comments were exclusively positive.

**ENVIRONMENTAL REVIEW:**

This activity does not fall within the definition of "project" under the CEQA Guidelines Sections 15060(c)(3) and 15378. This activity is exempt from NEPA under §58.34(a)(2) information and financial services and §58.34(a)(3) administrative and management activities.

**KEY STAKEHOLDERS & PROJECTED IMPACTS:**

The changes highlighted on Attachment 1, particularly the MTW initiatives included in this Administrative plan will affect current and future Section 8 and Public Housing participants and owners. The intended impact of the MTW initiatives will be to streamline family and agency administrative obligations and help families gain education, training and skills to break cycles of family poverty and assist with upward mobility. As a group, elderly and disabled families will not be adversely affected by the MTW.

Respectfully submitted,

Jeff Davis

The Moving to Work demonstration allows public housing authorities (PHAs) to design and test various approaches for providing and administering housing assistance. The Department of Housing and Urban Development's (HUD) three main objectives of the program are to:</p> <ul style="list-style-type: none"> <li>✓ Reduce cost and achieve greater cost effectiveness in Federal expenditures;</li> <li>✓ Give incentives to families with children where the head of household is working, seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self sufficient; and</li> <li>✓ Increase housing choices for low-income families.</li> </ul>	<p>New language added to reflect the Moving Forward policy.</p>

If the need arises, the owner may submit information on two unassisted units from different complexes, preferably under different ownership, within a 2-mile radius.</p> <p>If there are no available comparables with the same number of bedrooms or bathrooms, dollar adjustments will be made based on market conditions.</p> <p>The Housing Commission may use a point</p>	<p>other available sources. <u>Unit data will include the location, quality, size, and age of the unit, as well as amenities, housing services, maintenance and utilities to be provided by the owner. Maps will be used to identify the unsubsidized units in closest proximity to the subject unit, and unit data information will be used to select the most similar units.</u></p> <p><u>In comparing rents, the SDHC will take into account critical market factors that impact rent, including the location, quality, size, unit type, and age of the contract unit, as well as any amenities, housing services, maintenance and utilities to be provided by the owner in accordance with the lease. <i>Note:</i> The age of the unit rarely impacts the cost of rental housing in the San Diego market.</u></p> <p><u>Where comparable units differ from the assisted unit, SDHC will determine whether those differences impact rent. SDHC will consider the degree of similarity with the comparable units, whether the comparable units are a good match for the assisted unit and the level of adjustment that was needed to make the comparables "fit" the subject unit. SDHC will also consider the average of the adjusted monthly rents of the comparable units as an estimate of what might be a reasonable market rent, although the average is not intended to set an upper or lower limit on an approvable rent. The approved rent will be based on the general open market for comparable rentals and not based on the few exceptions that may rent for more.</u></p> <p><u>SDHC will notify the owner of the rent that can be approved based upon its analysis of rents for comparable units. If the owner disagrees with this analysis, the owner may submit information for three (3) comparable unassisted units within a two (2) mile radius from the assisted unit. Collaborate with local developers and non-profit housing providers by creating long-term subsidies by means of project-based vouchers, in exchange for the creation of affordable housing for low-income families and individuals and transitional housing for homeless families and individuals.</li> <li>2. Increase the range of options available to low-income households living in high-poverty areas.</li> <li>3. Designate up to 3% of the Housing Commission's voucher allocation to project-based developments</li> <li>4. Expand the use of project-based vouchers by increasing the permissible percentage of subsidized units in a single development. The Housing Commission will allow more than 25% of the units in a development to be project-based when this will result in the preservation and/or development of affordable housing and does not result in an increased concentration of low-income families.</li> <li>5. Utilize project-based vouchers within Housing Commission-owned properties. The utilization of project-based vouchers</li> </ol>

Goals and Objectives</p> <p>This policy identifies three local issues the Housing Commission is interested in addressing through this program including:</p> <p><i>Category 1: Preserving and Expanding Stock and Deconcentrating Poverty.</i> Utilizing MTW authority, the Housing Commission is moving aggressively to preserve the viability of its housing inventory and expanding its affordable housing stock. Project-based assistance will play a critical role in this endeavor. By project-basing subsidies at various sites, the Housing Commission ensures affordable housing remains a lasting and constructive community resource. Leveraging the</p>

MTW provides the Housing Commission with the flexibility it needs to make this effort a success. Working closely with local partners, the Housing Commission is bundling housing and services to successfully bring homeless families and individuals off the street and into supportive environments.</p> <p><i>Category 3: The Creation and Preservation of Affordable Housing.</i> The Housing Commission will collaborate with local developers and non-profit housing providers by offering long-term subsidies by means of project-based vouchers. In exchange, they will create or preserve affordable housing opportunities for low-income families and individuals. The Housing Commission may apply creative measures, in conjunction with the Neighborhood Stabilization Program, to increase housing opportunities in vacant and foreclosed properties in impacted areas of the community.</p> <p><b>SECTION 4 Disaster Programs</b></p> <p>The Katrina Disaster Housing Assistance Program (KDHP) was established on October 1, 2005 for the purpose of providing up to 18 months of housing assistance to select groups of</p>	<p>Added language for Disaster Program.</p>

The program provided housing assistance and supportive services to families impacted by Hurricane Katrina and Rita that had been receiving assistance through FEMA. These families are referred to the local participating Phase to process and provide assistance. The program would provide assistance until further notice from HUD. The San Diego Housing Commission has implemented DHAP and reserves the option to implement and other disaster programs that are fully funded, at a later time.
