The city of San Diego has committed 51 Federal rental housing vouchers to Atmosphere to provide rental assistance for these 51 supportive housing units. These vouchers are among 1,500 Federal housing units, including 51 units to address homelessness.

Atmosphere is replacing a vacant lot in Downtown San Diego with 202 affordable rental Construction is scheduled for completion in spring 2017. This development will also be the first affordable rental housing development for seniors in the city of San Diego. North Park Senior Apartments, an SDHC partnership development, will transform a vacant parking lot in North Park into rental housing open to all low-income seniors that will remain affordable for the duration of government sponsorship. This development will comply with the Regional Housing Needs Assessment, which was submitted to the San Diego City Council reviews. The development of this initiative was predicated on this finding to address the affordable housing needs of low-income San Diegans.

The San Diego City Council voted 8-0 to place a measure on the November 2016 general election ballot to increase the capacity to construct an additional 38,680 affordable rental housing units in the city of San Diego. This measure, known as the Affordable Housing Capacity Ballot Measure, would ask voters to increase the Regional Housing Needs Assessment by 38,680 affordable rental housing units in the city of San Diego. The city of San Diego needs 38,680 affordable housing units for low- and very low-income families seeking an apartment they can afford in the city.

In addition, homeless Veterans are securing thousands of affordable housing units that SDHC has committed to provide housing opportunities for homeless individuals and families over three years in rental housing vouchers that SDHC has committed to provide housing opportunities for homeless individuals and families over three years. 資料より本報 | 2016年7月27日
