MORTGAGE CREDIT CERTIFICATE
INFORMATION PACKET

Congratulations and welcome to the application phase of the MCC program. The San Diego Housing Commission (SDHC) will be processing your MCC application. With the help of your lender, you are applying for a tax credit which will help you purchase your first home and save you thousands of dollars over the coming years in federal income taxes. To help you understand the MCC, we have put together this package, which your lender is required to give to you when you apply.

Please check to make sure this package is complete. It should contain:

1) MCC Information Summary
2) MCC Example
3) Sample Notice No. 1 Initial Notice to Mortgagor of Potential Recapture Tax

1. MCC INFORMATION SUMMARY

AMOUNT OF TAX CREDIT
SDHC offers eligible home buyers a 20% tax credit

HOW DOES THE MCC WORK?
Upon receiving your MCC, you will be entitled to take a federal income tax credit each year equal to 20% of the mortgage interest you paid. You may benefit from the MCC by taking the credit in one lump sum when filing your taxes each year or by having your employer withhold less taxes from your pay each pay period, you will then realize an increase in your take-home pay, which will help you make your mortgage payment. The MCC is a direct tax credit which you will take in addition to the mortgage interest deduction available to all home owners who make mortgage payments. You will only use the MCC with your federal taxes; state taxes are not affected by it. Please see the enclosed charts entitled “MCC EXAMPLE”. This illustrates how your MCC helps you qualify for your loan, and how it lowers your federal income taxes.

HOW LONG DOES THE MCC LAST?
As long as you continue to occupy the property and keep the original financing, you can continue to take the credit for the mortgage interest you paid that year. (An increase in your income after the close of escrow does not affect your eligibility to take the credit.) In a case where the MCC credit exceeds your tax liability for a particular year, you can “roll over” that credit for up to three years. Instructions are on the tax form you will use to take the credit. The following events will cause your MCC to become void: 1) sale or transfer of the property, 2) refinance of the original loan without taking the proper steps to have your MCC re-issued.

WHO CAN TAKE THE MCC TAX CREDIT?
Only home purchasers who are issued a mortgage credit certificate from an authorized issuing agency can take the credit. SDHC and the lender who originates your loan will send notification to the IRS that you are entitled to take the credit. Also, you will send a copy of your MCC to the IRS each year in which you claim the credit. If you purchase the property with another taxpayer and you file separate returns, you can share the total amount of the credit in the same proportions that you share interest in the home (but the total must never exceed 20% of the interest paid that year).

APPLICATION FEE
• $620
ELIGIBILITY
Your eligibility will be based on: your gross annual household income which is derived from your current monthly income; your first-time home buyer status, unless you are purchasing in a targeted census tract; and the purchase price of the home. In all cases, the home must be in the City of San Diego limits. After the close of escrow, an increase in your family income will not affect your eligibility to continue to take the credit, but it may affect your recapture tax potential.

TARGETED CENSUS TRACTS
If you are purchasing a home in a “targeted census tract”, the purchase price maximums you qualify under will be higher than that for the non-targeted areas, and the requirement that you be a first-time home buyer is waived. (You will not need tax returns to verify first-time home buyer status.) There are 66 targeted census tracts in the city; they are determined as low-income by the Census Bureau.

FIRST-TIME HOME BUYER
For purposes of the MCC program, a first-time home buyer is someone who has not owned a principal residence (a home in which they resided) during the three year period immediately prior to applying for the MCC. We ask to see copies of your tax returns to ensure that you did not take a mortgage interest deduction during that period. You will sign an affidavit claiming first-time home buyer status.

CANCELLATION
You, the lender and SDHC are all parties to the commitment SDHC makes to issue you a MCC. SDHC may cancel the MCC if you cease to be eligible, or if the commitment deadline passes without escrow closing and without a written request from your lender for an extension. The lender can not voluntarily cancel your application for a MCC without your permission.

THE INTERNAL REVENUE SERVICE (IRS)
This is an IRS program and any documentation you sign during the application process is subject to review by the IRS. It is therefore extremely important that you take the time necessary to read the documents you sign, and to submit only true, accurate, and complete information regarding your taxes and your eligibility. Do not be rushed into signing any of the documents. Feel free to ask what they mean; SDHC’s MCC program staff will gladly answer any questions you have about the program.

YOUR LENDER
The lender you have chosen to apply to for your mortgage is one of many participating lenders in our program. Your MCC is transferable if you find it necessary during escrow to switch to another participating lender. SDHC has no part in the decision of your lender to approve your loan.

RECAPTURE TAX
If you sell or transfer your home within nine years you may be subject to a recapture tax. This package includes information on the recapture tax, including a NOTICE NO. 1 INITIAL NOTICE TO MORTGAGOR OF POTENTIAL RECAPTURE TAX which you signed, and a sample of NOTICE TO MORTGAGOR INFORMATION REGARDING POTENTIAL RECAPTURE TAX which you will receive after the close of escrow. Please read these. If you have questions which your lender is not able to answer please feel free to call SDHC’s MCC program staff. It is a rather complicated tax; we will be happy to try to answer your general questions. For information about your specific tax situation you should seek the help of a tax expert. If you experience difficulty finding a tax specialist who understands the MCC, SDHC program staff have a list of professionals who provide MCC tax services.

REFINANCING
If you refinance your mortgage, you will lose the MCC (unless you apply for a Reissued MCC). However, refinancing alone will not trigger the recapture tax. Only transfer of the property can trigger the recapture tax. To have your MCC reissued, visit www.socalrmcc.com
COMMITMENT
After submitting to SDHC your MCC application package, your lender will receive a MCC Commitment indicating SDHC approval. It will be in effect for 60 days. If at the expiration of the 60 days the lender has not submitted the required documentation, the original Commitment will expire and the lender will be charged a fine of $175 to extend or cancel the application. This fine is not to be passed on to you.

WHAT HAPPENS NEXT?
You will execute various MCC documents and provide copies of your three most recent years’ tax returns. Be sure to sign and date them in blue ink. If copies of your tax returns are not available, your lender will tell you how you can still meet the requirement. At the close of escrow you will sign a CLOSING AFFIDAVIT stating that nothing happened during escrow to make you ineligible for the MCC (such as a pay raise). After escrow closing, and after we have received the closing documentation from your lender (see “Commitment” above), we will send you a package containing your Mortgage Credit Certificate and other documents including a tax memorandum explaining how to use your MCC.

2. MCC EXAMPLE
Calculating the 1st year MCC (the value of the MCC decreases each year as the amount of interest paid on the mortgage decreases):

<table>
<thead>
<tr>
<th></th>
<th>With MCC</th>
<th>Without MCC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sample Loan Amount</td>
<td>$486,000</td>
<td></td>
</tr>
<tr>
<td>Sample Interest Rate</td>
<td>4.00%</td>
<td></td>
</tr>
<tr>
<td>MCC Amount</td>
<td>20%</td>
<td></td>
</tr>
</tbody>
</table>

1) Determine the Annual Interest for the first year (486,000 x 4%) $19,440
2) Determine the Annual Mortgage Credit ($19,440 x 20%) $3,888
3) Determine the Monthly Mortgage Credit ($3,888 / 12) $324

This table demonstrates how an MCC may benefit a homebuyer. The figures used in this example are hypothetical. Interest homebuyers are encouraged to talk with a tax professional to discuss their individual situation.
Four Steps to Tax Savings

The Buyer family income is $8,333 per month, earned through Mr. Buyer’s employment. This illustration shows how Mr. Buyer’s take-home pay will be increased with the help of a mortgage credit equal to approximately $324 per month.

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1. Without MCC | $8,333 mo. earnings - $1,053 withheld taxes = $7,280 take home pay  
Annual Tax Debt Withheld = $12,638 ($1,053 x 12) |
| 2. Tax Credit Received through MCC Program | $3,888 per yr / 12 mos.  
= $324 per month |
| 3. New Estimated Annual Taxes | $12,638 Annual Tax - $3,888 MCC Credit = $8,750 New Annual Tax  
($8,750 ÷ 12 = $729/mo) |
| 4. With MCC | $8,333 mo. earnings - $729 withheld taxes = $7,604 take home pay  
Annual Tax Debt Withheld = $8,750 |
NOTICE NO. 1 INITIAL NOTICE TO MORTGAGOR OF POTENTIAL RECAPTURE TAX

NOTICE TO MORTGAGOR
INFORMATION REGARDING POTENTIAL RECAPTURE TAX
(to be delivered to Mortgagor at or before closing for all closings on or after January 1, 1991)

Because you have received a Single Family Bond Loan (Mortgage Credit Certificate), pursuant to 
Section 143(m) of the Internal Revenue Code of 1986 (the "Code"), you may, at the time you sell the 
residence for which you received a Single Family Bond Loan (Mortgage Credit Certificate), be subject to a 
special "recapture tax" for federal income tax purposes. You should consult your tax advisor at the time you 
sell the residence to determine the amount, if any, of such "recapture tax." The following information will 
assist you in determining the amount, if any of "recapture tax":

1. Name or Mortgagor(s): __________________________
   3. Principal amount of Home Mortgage on date of Mortgage Closing: _____________
   4. Date of Home Mortgage Closing: ________

2. Location of Home: __________________________
   5. Is the Home in an IRS Targeted area: ______

ARE YOU SUBJECT TO THE RECAPTURE TAX?

You will be subject to a special recapture tax for the tax year in which you sell or transfer your home 
only if you meet all four of the following conditions:

1. You sell or transfer the home on or before ________ (9 years from the date of Mortgage Closing listed above), and

2. You sell or transfer the home at a gain (determined by the IRS form on gain from sale of a single- 
   family residence, whether or not you decide to rollover the gain), and

3. The Home is not:
   a. transferred as a result of death,
   b. transferred to a former spouse as a result of divorce (in which case the former spouse is treated as if he 
      or she has been the owner from the date of date of Mortgage Closing), or
   c. rebuilt from casualty insurance proceeds within two years after its destruction; and

4. Your taxable household income for the year in which you sell your home exceeds the following 
   Income Threshold.
This income chart is applicable for your home which:
☐ is ☒ is not
In a targeted census tract.

<table>
<thead>
<tr>
<th>Number of members of the Mortgagor's Household at the time of resale of the Home</th>
<th>INCOME THRESHOLD</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 or 2 persons</td>
<td>3 or more persons</td>
</tr>
<tr>
<td>Current Threshold</td>
<td>Current Threshold</td>
</tr>
<tr>
<td>$74,900</td>
<td>$86,135</td>
</tr>
<tr>
<td>$78,645</td>
<td>$90,442</td>
</tr>
<tr>
<td>$82,577</td>
<td>$94,964</td>
</tr>
<tr>
<td>$86,706</td>
<td>$99,712</td>
</tr>
<tr>
<td>$91,041</td>
<td>$104,698</td>
</tr>
<tr>
<td>$95,593</td>
<td>$112,933</td>
</tr>
<tr>

<td>$118,580</td>
</tr>
<tr>
<td>$105,392</td>
<td>$124,510</td>
</tr>
<tr>
<td>$110,662</td>
<td>$130,736</td>
</tr>
<tr>
<td>$116,195</td>
<td>$137,273</td>
</tr>
</tbody>
</table>

Your taxable income is the "adjusted gross income" from your tax return for the year in which you sell your home plus any tax exempt bond interest income you may have. (However, do not include any gain from the sale of the home itself in determining whether you are above the Income Threshold listed above.)

**HOW MUCH RECAPTURE TAX WOULD YOU OWE?**

If you meet all four of the above conditions, then you will be subject to the recapture tax. The amount of the recapture tax is the lesser of:

- the maximum potential recapture tax (calculated under Steps 1 and 2 below),
- One-half of your gain from the sale of the home (see page 3).

The recapture tax will **never** exceed .0625 (6¼%) of the principal loan amount at origination. Several factors can significantly decrease that maximum, as illustrated in the steps below. For the formula on which these steps are based, see "*Note" at the end of this section.

**Maximum Potential Recapture Tax**

The maximum potential recapture tax (MPRT) you will owe is calculated in **two steps**:

**STEP 1**

See the line on the left which best describes the date of transfer of the home. The corresponding line on the right gives applicable maximum potential recapture tax (MPRT).

<table>
<thead>
<tr>
<th>MPRT (MAXIMUM POTENTIAL RECAPTURE TAX)</th>
<th>MPRT (MAXIMUM POTENTIAL RECAPTURE TAX)</th>
</tr>
</thead>
<tbody>
<tr>
<td>STEP 1</td>
<td>STEP 1</td>

</tbody>
</table>
### Date of Sale or Transfer of Home (or Prepayment of Mortgage if Earlier)

<table>
<thead>
<tr>
<th>Percentage of Original Mortgage</th>
<th>Dollar Amount Based on Original Mortgage of:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before:</td>
<td>$100,000.00</td>
</tr>
<tr>
<td>1 year after Mortgage Closing:</td>
<td>1.25% $1,250.00</td>
</tr>
<tr>
<td>1 or more years, but less than 2 years after Mortgage Closing:</td>
<td>2.50% $2,500.00</td>
</tr>
<tr>
<td>2 or more years, but less than 3 years after Mortgage Closing:</td>
<td>3.75% $3,750.00</td>
</tr>
<tr>
<td>3 or more years, but less than 4 years after Mortgage Closing:</td>
<td>5.00% $5,000.00</td>
</tr>
<tr>
<td>4 or more years, but less than 5 years after Mortgage Closing:</td>
<td>6.25% $6,250.00</td>
</tr>
<tr>
<td>5 or more years, but less than 6 years after Mortgage Closing:</td>
<td>5.00% $5,000.00</td>
</tr>
<tr>
<td>6 or more years, but less than 7 years after Mortgage Closing:</td>
<td>3.75% $3,750.00</td>
</tr>
<tr>
<td>7 or more years, but less than 8 years after Mortgage Closing:</td>
<td>2.50% $2,500.00</td>
</tr>
<tr>
<td>8 or more years, but less than 9 years after Mortgage Closing:</td>
<td>1.25% $1,250.00</td>
</tr>
</tbody>
</table>

**Example:** If the home was sold between 1 and 2 years after Mortgage Closing, use 2.5% of original mortgage. Thus, if original mortgage was $100,000, the maximum potential recapture tax would be $2,500 ($100,000 x 2.5%).

### Possible Reduction of Recapture Tax

Determine whether your taxable income, in the year in which you sell the home, exceeds the Income Threshold shown in Table I, and if it does whether such excess is more or less than $5,000 above the Income Threshold shown in Table I.

**Example:** If you have a 2 person household at the time of sale and your income is $53,000, and the Income Threshold in Table I for that year is $50,000, your "excess income" is $3,000:

| Actual Household Income | $62,745 |
| - Income Limit (From Table I) | $59,745 |
| Excess Income above Income Threshold | $3,000 |

You will be in one of three situations:

(i) Your income does not exceed the Income Threshold:
   You are not subject to any recapture tax at all.

(ii) Your income is more than $5,000 above the Income Threshold:
   There is no reduction in the maximum potential recapture tax calculated in Step 1.

(iii) Your income is less than $5,000 above the Income Threshold:
   Your maximum potential recapture tax will be reduced pro rata, as shown below:
   If your excess income is less than $5,000 above the Income Threshold, the revised maximum potential recapture tax would be:
Revised Maximum Potential Recapture Tax = \( \frac{\text{Excess Income (From Step 2)}}{\text{MPRT (from Table II)}} \times 5,000 \)

**Example:** Actual Income - Income Threshold = \( \frac{\$3,000}{\$5,000} = 60\% \times 2,500 \) MPRT (from Table II)

\[= \$5,000 \]

\[= \$1,500 \] Revised Maximum Potential Recapture Tax

Thus, the maximum potential recapture tax of $2,500 determined in Step 1 would be reduced to $1,500 due to the calculation in Step 2.

*NOTE:* These instructions are meant to provide a step by step process for figuring a potential recapture tax. The legislative formula on which these steps are based is:

\[
PRT = 6.25\% \times P \times H \times \frac{M - (IL \times 1.05^Y)}{5000}
\]

PRT = Potential Recapture Tax
M = mortgagor's adjusted gross income at time of sale
P = original principal amount
H = holding period percentage
IL = original income limit
Y = number of complete years mortgagor owned home

NOTE: If "M - (IL x 1.05^Y)" is greater than $5,000, that amount is treated as equal to $5,000.

**Gain on Sale of Home:**

Finally, compare the revised maximum potential recapture tax (from Step 2) to one-half of your actual gain from the sale of the home. (Your "Gain" is generally defined by the IRS to be the resale price less: (i) sale costs, (ii) your original purchase price, and (iii) your cost of capital improvements. This is true whether or not you rollover the gain.) You pay whichever is less.

- Revised Maximum Potential Recapture Tax = $1,500
- Gain from Sale of Home

<table>
<thead>
<tr>
<th>Sale Price</th>
<th>$150,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Closing Costs</td>
<td>$8,000</td>
</tr>
<tr>
<td></td>
<td>$142,000</td>
</tr>
<tr>
<td>- Basis in Home</td>
<td>$130,000 ($120,000 initial price plus $10,000 cost of improvements)</td>
</tr>
<tr>
<td>Gain</td>
<td>$12,000</td>
</tr>
<tr>
<td>x 1/2</td>
<td>$6,000</td>
</tr>
</tbody>
</table>

- Lesser of $1,500 and $6,000 is $1,500; so $1,500 is the Recapture Tax.

**Other Factors Affecting the Recapture Tax**

All references to the "sale" or "transfer" of the home include any change in your interest in the Home, whether by sale, exchange, gift or some other disposition.

If any person other than you or your spouse is also a mortgagor, each person's Recapture Tax will be determined separately in accordance with his or her interest in the home.

The Recapture Tax may also be somewhat reduced if you prepay the mortgage in whole (e.g. refinance) and do not sell the home until a subsequent year.

*The Recapture Notice is provided by the San Diego Housing Commission (Issuer) pursuant to Section 143 (m) (7) of the Code.*
