

## INFORMATIONAL REPORT

**DATE ISSUED:** February 27, 2020

**REPORT NO:** HCR20-028

**ATTENTION:** Chair and Members of the San Diego Housing Commission  
For the Agenda of March 6, 2020

**SUBJECT:** January 2020 Reporting Update for City of San Diego's Storage Connect Center

### **NO ACTION IS REQUIRED ON THE PART OF THE HOUSING COMMISSION**

#### **SUMMARY**

The Housing Authority of the City of San Diego (Housing Authority) and San Diego City Council (City Council) require the San Diego Housing Commission (Housing Commission) to "provide written reports on number of Clients served, utilization rate, any changes to operation, outreach activity, connections to other services and housing, at least monthly and upon request by the Council President/Chair of the Housing Authority" (Housing Authority Resolution HA-1777).

#### **BACKGROUND**

The Housing Commission administers the agreements for the City of San Diego's (City) Homeless Shelters and Services Programs based on a Memorandum of Understanding (MOU) between the Housing Commission and the City of San Diego (City) that first took effect on July 1, 2010. The Housing Commission and City entered into a separate MOU for the City's Temporary Bridge Shelter Programs, which was approved by the Housing Commission Board of Commissioners on November 3, 2017, as well as the Housing Authority and City Council (City Council) on November 14, 2017. On March 20, 2018, the City Council authorized the execution of a First Amendment to the MOU (Resolution R-311627) to also address the duties of the parties concerning the Storage Connect Center (the Center) located at 116 South 20<sup>th</sup> Street, San Diego, CA 92113.

As part of the March 2018 approval, the Housing Commission re-allocated up to \$1,068,743 in funding, which included savings realized on start-up and operating costs of the City's Bridge Shelters, to support the Center. This approval supported the oversight and management of the Center, which helps keep homeless San Diegans' belongings off of downtown streets, sidewalks, and storefronts by providing a safe place for individuals to keep their belongings as they look for work, attend classes, meet with a service provider or doctor, or otherwise attend to their personal needs. On February 8, 2019, the Housing Commission approved the execution of the first one-year renewal option of the Agreement with Mental Health Systems (MHS) to operate the Center for a term of July 1, 2019, through June 30, 2020, with a corresponding budget of \$1,190,828.40.

The recommendations were presented to the Housing Authority for review on March 12, 2019. The Housing Authority approved the execution of the first one-year renewal option of the Agreement with MHS, contingent on the successful presentation of a plan by the City of San Diego to the City Council, regarding identification of an additional storage center site as well as a proposal for a comprehensive community engagement strategy for the implementation of the identified site. The

City of San Diego completed this request and sent a status update Memo to the Council in June 2019. The first one-year renewal option of the Agreement was subsequently executed with MHS.

**MONTHLY REPORTING SUMMARY – JANUARY 2020**

The tables below provide an overview of data captured in the 20<sup>th</sup> month of operations for the Center, operated by MHS, which opened on June 13, 2018. The Center is open Monday through Friday from 7 a.m. to 7 p.m., and Saturday and Sunday from 8 a.m. to 11 a.m.

The Center has four inventory specialists on staff, including one bilingual inventory specialist, conducting client intakes and storage bin assignments, as well as assisting clients with ongoing access to containers in a supervised staging area. Pursuant to the Housing Authority approval of the operating agreement (Resolution No. HA-1777), the Center provides a maximum of 500 storage bins<sup>1</sup> that can be utilized at a time. In January, an average of 494 bins were assigned to clients. In total, the Center enrolled 54 new clients and served 544 total clients throughout the month of January. Of the 544 clients served in January, 430 of them returned to the Center to access their storage bins, and the total number of return check-ins in January was 3,320. Forty-four clients exited the Center in January.

During the reporting period, several successes have been noted by MHS. These include but are not limited to:

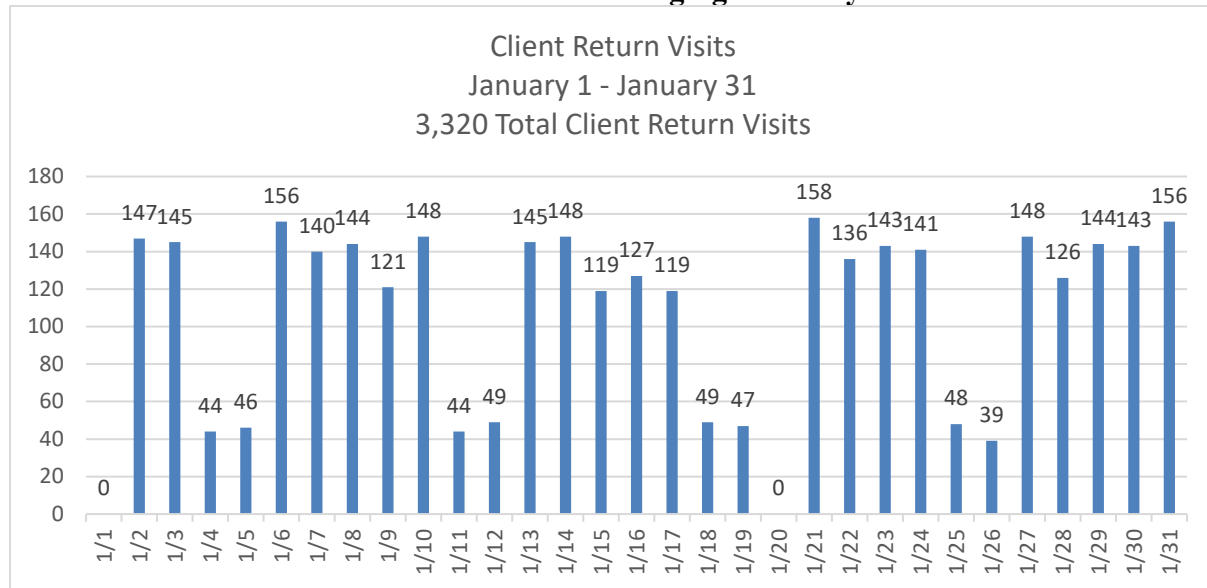

- 98 individuals have successfully moved into permanent housing since Center opening.
- The Center provided 88 resource referrals to clients in January 2020.

**STORAGE CENTER ACTIVITY OVERVIEW**

The Center serves the most vulnerable San Diegans who are experiencing homelessness. Of the total population enrolled in the program since the opening of the Center, 36 percent identified as having a disability, 36 percent were chronically homeless, 31 percent were 55 years of age or older, and 7 percent were veterans.<sup>2</sup>

Center outreach workers conduct outreach in the area surrounding the Center. In January 2020, outreach staff engaged with a total of 112 individuals. Staff provided 109 individuals with referrals to food services and 110 individuals with referrals to hygiene resources. In addition, staff provided 112 individuals with information about the Center and the procedure for accessing the Center’s waiting list.

Outreach workers from the Center also act as ambassadors to community members so community members can provide input on areas of need, raise any concerns they may have, and obtain general information about how to contact the facility operator or City services, such as San Diego Police Department (SDPD), Environmental Services Department (ESD), and the Mayor’s office or the Housing Commission.

SDPD coordinates ongoing law enforcement and security presence with the Center’s security agency daily and supports the security company in managing the security needs in the direct vicinity of the site while SDPD focuses on the surrounding neighborhood.

**COMMUNITY ENGAGEMENT**

Prior to the opening of the Center, the operator, MHS, sought the input of residents in the neighborhoods surrounding the Center to ensure a successful partnership with the community. A Community Advisory Committee was formed, and a meeting is held monthly with representatives from MHS, the Housing Commission, SDPD, the City’s ESD, and the Mayor’s office in attendance.

<sup>2</sup> Some persons may report more than one indicator of vulnerability.

San Diego County Behavioral Health Services staff have also joined the meeting on an ongoing basis. Community representatives are asked to indicate their attendance on a sign-in sheet. The most recent meetings were held in January, with 26 representatives in attendance, and February, with 24 representatives in attendance. The meetings provide community members with an opportunity to share their concerns and ideas with MHS, the City, and the Housing Commission, and also allow the project's partners to share information and provide updates to the community. In addition, a summary of the meeting minutes is being provided on a monthly basis to the Advisory Committee as well as City Councilmembers.

The Housing Commission provides a dedicated phone line that community members can utilize to report concerns or ask questions about program operations. Since program launch, one call related to the Center has been received, and the issue was resolved by the City's Environmental Services Department within a few hours. MHS, the Housing Commission, and City services will continue to partner and collaborate with the Community Advisory Committee to ensure the Center takes into consideration the needs and expectations of the surrounding community, while continuing to serve individuals and families experiencing homelessness in the City of San Diego.
