

City of San Diego COVID-19 Emergency Rental Assistance Program

Landlord Guide

Landlords will receive an email from the San Diego Housing Commission (SDHC) if their tenant has been selected to receive one-time rental assistance from the City of San Diego COVID-19 Emergency Rental Assistance Program. If more than one of the landlord's tenants is selected, the landlord may receive a separate email for each selected tenant.

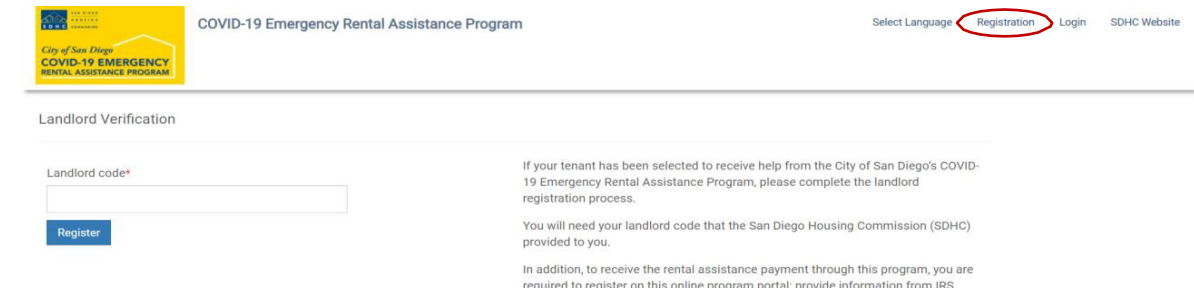

This guide provides instructions to help landlords complete the landlord registration and additional steps necessary for SDHC to provide the one-time payment directly to the landlord on behalf of the tenant.

Troubleshooting

1. Ensure you are using a modern web browser like Chrome or Safari.
2. **Email Link:** If the link in the email from SDHC is not working:
 - a. Make sure you are using a supported web browser.
 - b. Refresh the page.
 - c. Clear cache/cookies.
3. **Landlord Code:** If the landlord code SDHC provided is not working:
 - a. Confirm there is no space before the landlord code. (If you copy and paste the code from your email, there may be an extra space before the code.)
 - b. The landlord code may only be used once. If you have already registered using this landlord code, click "Forgot your password?" on the login page, check your email and follow the required steps to recover your password. Then log in to your account.
4. **Email Address:** When registering, only one unique email address can be used per landlord code. If you have more than one landlord code, a separate email address will be needed.
5. **Cannot Log In:**
 - a. Ensure you are using the email address and password you used at registration.
 - b. Ensure you have confirmed your email address. Click on the link in the email registration confirmation.
 - c. Click "Forgot your password?" on the login page, check your email and follow the required steps to recover your password. Then log in to your account.
6. **Flash Page Displays:** If a flash page appears when you try to register online:
 - a. Clear browser history and then close the browser. Open a browser, go to <https://covidapplication.sdhc.org> and log in to your account using your email address and password.
7. **Cannot See Tenants Listed:** If you cannot see your tenants and previously approved other tenants, please verify the landlord code is the same.

12. After you have registered and approved at least one of your tenants for this program, you may have additional tenants selected for the program as applications are processed. If this occurs, the W9/Direct Deposit information you previously provided is already saved in the system and cannot be edited. You will not need to re-enter that information; however, you will need to approve the payment on behalf of the additional tenant(s), self-certify your information and click on “Submit” to apply that information to your additional tenant(s).

Landlord Statuses Once Registered

Check submission status: You will **not** receive an email each time you successfully register, approve tenants, complete W9/Direct Deposit, self-certify and submit. The Landlord Details page will appear after you click “Submit”.

Under Landlord Details, the “Status” of your submission is shown to the right of your email address. If the “Status” column says “Submitted” and the “Date Submitted” column shows the date you submitted your form, this confirms that your submission is complete. Please note, your tenant’s status will continue to show “Pending Landlord Verification” until reviewed by SDHC Finance.

Check payment status: Under Tenant Details, you will see your tenant’s status. The “Status” is shown to the right of your tenant’s email address. To access the page at any time you can log back into the portal using your email address and password you used at registration.

Possible tenant statuses are:

1. Pending Landlord Verification: Payment information is under review by SDHC Finance.
2. Landlord Registration Complete: Payment is pending disbursement.
3. Rental Assistance Payment Disbursed: Rental Assistance Payment is complete.
4. Finance Denied: Payment denied by SDHC staff due to inaccurate W9 or Direct Deposit information.
5. Denied: Tenant was notified that payment was declined.
