SUMMARY

In response to the ongoing COVID-19 pandemic, the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA), signed into law on December 27, 2020, included \$25 billion for emergency rental assistance program funds for state, local and tribal governments throughout the United States. These funds included \$2.6 billion for the State of California, of which \$42,333,563 was allocated directly to the City of San Diego through the Coronavirus Relief Fund from the U.S. Department of Treasury and \$45,561,171.14 was allocated to the City of San Diego through the State of California's Coronavirus Relief Fund, as approved in State Senate Bill (SB) 91, signed into law on January 29, 2021. Combined, these funds provide the City of San Diego \$87,894,734.14 to assist low income households in the City of San Diego that have experienced financial hardship due to COVID-19. The State is retaining \$683,417.57 for administrative expenses.

SB91 includes three options for how cities and counties can access and administer these funds:

- A. **State Program:** The City of San Diego would transfer its federal allocation to the State for the administration of one program at the State level. Landlords and tenants would access funds through the partnership with Local Initiatives Support Corporation (LISC). This option requires using the state model of paying 80 percent of past-due rent to landlords and 25 percent of upcoming rent to tenants. If landlord refuses 80 percent as payment in full for arrears, the tenant may be issued 25 percent of arrears and prospective rent.
- B. **Local Program:** The City of San Diego could receive a block grant from the State and administer funds directly. These funds would be combined with the federal allocation and would require using the same State model of 80 percent to landlords/25 percent to tenants.
- C. **Hybrid Program:** The City of San Diego would administer a local program with the \$42,333,563 received directly from the federal government. The State would administer the \$45,561,171 allocated by the State for City of San Diego landlords and tenants. The local program would not have to follow the State's 80 percent/25 percent model. The State would require the City to prevent duplication of

benefits between program participants, placing liability on the local jurisdiction administering the funds

Staff recommend Option B to serve San Diego residents most at risk of eviction and displacement and prioritize rental arrears payments to landlords. This option provides for local administration of the funds, helps to ensure timely distribution of funds, and limits potential confusion for at-risk households because the funds are available through one program.

Pursuant to state funding requirements, the City of San Diego must obligate at least 65 percent of the State-allocated funds no later than June 1, 2021, or must have a plan to expend all of the State-allocated funds no later than August 1, 2021, unless the City of San Diego can demonstrate a plan to allocate all funds within the federal timeline.

Pursuant to federal funding requirements, 65 percent of the federal-allocated funds must be obligated no later than September 30, 2021, and all of the federal-allocated funds must be expended no later than December 31, 2021.

In addition, the San Diego City Council on October 13, 2020, authorized the allocation of \$5,000,000 in federal CARES Act CDBG funds for rental assistance (Resolution R-313256). These funds must be expended by December 31, 2021, per the proposed MOU for the Housing Stability Assistance Program, unless an extension is provided per the MOU.

The proposed City of San Diego Housing Stability Assistance Program would help pay rent and utilities for households with low income (up to 80 percent of San Diego's Area Median Income [AMI]). Under the State's requirement, the program would prioritize below 50 percent of AMI or unemployed for 90 days. Rental arrears must be prioritized prior to paying prospective rent.

SB91 allows landlords to receive 80 percent of their tenants' arrears for the period of April 1, 2020, to March 31, 2021, if they agree to forgo the remaining 20 percent plus 25 percent of prospective rent for the months of April through June 2021. If a landlord declines this provision, the program can pay 25 percent of the tenants' arrears and up to 25 percent of the tenant's upcoming monthly rent for the three months of April through June 2021.

In addition to rental assistance, the COVID-19 Housing Stability Assistance Program will include assistance to pay for past-due, unpaid utilities, such as electricity, gas, water and sewer, trash removal and energy costs, such as fuel oil. Telephone, cable and internet service are not eligible for utility assistance, and utilities paid by the landlord are considered rent.

To be eligible for assistance through the City of San Diego COVID-19 Housing Stability Assistance Program, households must meet the following criteria:

- Tenant has a City of San Diego address.
- Household income is at or below 80 percent of AMI, with priority for households at or below 50 percent of AMI. (The U.S. Department of Housing and Urban Development establishes the AMI levels each year; 80 percent of AMI is currently \$92,400 per year for a family of four.)
- Household has an obligation to pay rent.
- Household does not currently receive any rental subsidies.

- At least one member of the household has a reduction of income or other financial hardship due to COVID-19.
- Household experienced or is at risk of experiencing homelessness or housing instability.

The Housing Commission will administer the Housing Stability Assistance Program pursuant to the proposed MOU between the Housing Commission and the City of San Diego and federal and state regulations. An online application portal will be available on the Housing Commission's website for residents to apply and submit required documents. The Housing Commission will also be contracting with community-based organizations to help with community outreach and to assist households with their applications, especially those without internet access. The Housing Commission anticipates contracting with 211 San Diego to provide customer service and application assistance to households seeking information or assistance from the Housing Stability Assistance Program.

In addition, on February 4, 2021, the Housing Commission launched on its website a portal for City residents to state their interest in being notified about the proposed COVID-19 Housing Stability Assistance Program when it launches, if the City Council and Housing Authority approve the staff-recommended actions.

A January 19, 2021, report from the State of California's nonpartisan Legislative Analyst's Office estimated that renters statewide owe \$400 million in unpaid rent as of December 2020, with the average of \$4,500 of unpaid rent per household. The report also identified that the unemployment rate for households with annual income of \$50,000 or less was 15.1 percent, and that 80 percent of households in this income group are renters. San Diego-specific data were not included in the report.

According to the Housing Commission's May 28, 2020, report "Preserving Affordable Housing in the City of San Diego," approximately half of the housing units in the City of San Diego (273,050) are occupied by renters. Before COVID-19, approximately 54 percent of these renter households spent more than 30 percent of their income on rent. Of the rental housing units in the City, 46,850 are unrestricted but have rents affordable to households with income up to 60 percent of San Diego's Area Median Income (AMI). An additional 23,450 units have restrictions recorded on the properties that require their rents to remain affordable for specific income levels.

Currently, City of San Diego renters cannot be evicted for nonpayment of rent due to COVID-19. The State of California's temporary ban on evictions was signed into law on January 29, 2021, and remains in effect until June 30, 2021. The City of San Diego's temporary ban on evictions, proposed by Mayor Todd Gloria and approved by the City Council on January 26, 2021, will take effect on July 1, 2021, and remain in effect until 60 days after the City of San Diego's COVID-19 State of Emergency ends.

During the development of the COVID-19 Housing Stability Assistance Program, the Housing Commission has engaged in extensive community outreach to educate and inform City of San Diego residents about the eviction protections in place and the interest list portal for the proposed program, including updating the Housing Commission web page <https://sdhc.org/evictionban> and producing informational flyers in English and Spanish. The Housing Commission distributed these flyers to the offices of the Mayor and City Council, community-based organizations, Promise Zone partners, Section 8 Housing Choice Voucher Rental Assistance participants, and households on the waiting list for Section 8 Housing Choice Voucher Rental Assistance. The Housing Commission also contracted with nine community-based organizations to conduct additional community outreach, including translation of

the informational flyers into additional languages. In addition, public service ads featuring Mayor Gloria and Councilmember Vivian Moreno will be airing on local radio and television stations, in English and Spanish to further raise awareness of the eviction moratorium.

Previously, the Housing Commission administered the City of San Diego's COVID-19 Emergency Rental Assistance Program, which disbursed more than \$13.7 million in previously allocated federal funds to provide one-time payments of up to \$4,000 per qualifying household to help more than 3,700 low-income households in the City of San Diego pay their rent.

AFFORDABLE HOUSING IMPACT

With the authorization to expend \$92,211,316.58 in federal funds, the City of San Diego's COVID-19 Housing Stability Assistance Program will help prevent housing displacement among low-income households affected by COVID-19. This program will help eligible households pay past-due, unpaid and prospective rent and past due utilities due to financial hardship related to the COVID-19 pandemic.

FISCAL CONSIDERATIONS

The funding proposed by this action was not included in the Housing Commission's Housing Authority-approved Fiscal Year 2021 Budget. Approving this action will authorize the Housing Commission to expend up to \$92,894,734 of federal funds allocated to the City of San Diego to oversee and administer the City of San Diego's COVID-19 Housing Stability Assistance Program.

Exhibit A: HSAP Program Guidelines

The HSAP Program will help pay rent and utilities for households with low income (up to 80 percent of San Diego's Area Median Income [AMI]). Under the State's requirement, the HSAP Program would prioritize: below 50 percent of AMI or unemployed for 90 days. Rental arrears must be prioritized.

SB91 allows landlords to receive 80 percent of their tenants' arrears for the period of April 1, 2020, to March 31, 2021, if they agree to forgo the remaining 20 percent plus 25 percent of prospective rent for the months of April through June 2021. If a landlord declines this provision, the HSAP Program can pay 25 percent of the tenants' arrears and up to 25 percent of the tenant's upcoming monthly rent for the three months of April through June 2021.

In addition to rental assistance, the HSAP Program will include assistance to pay for past-due, unpaid utilities, such as electricity, gas, water and sewer, trash removal and energy costs, such as fuel oil. Telephone, cable and internet service are not eligible for utility assistance, and utilities paid by the landlord are considered rent.

To be eligible for assistance through HSAP Program, households must meet the following criteria:

- Tenant has a City of San Diego address.
- Household income is at or below 80 percent of AMI, with priority for households at or below 50 percent of AMI. (The U.S. Department of Housing and Urban Development establishes the AMI levels each year; 80 percent of AMI is currently \$92,400 per year for a family of four.)
- Household has an obligation to pay rent.
- Household does not currently receive any rental subsidies.
- At least one member of the household has a reduction of income or other financial hardship due to COVID-19.
- Household experienced or is at risk of experiencing homelessness or housing instability.

The Commission will administer HSAP Program pursuant to this HSAP MOU between the Commission and the City, the Implementation Plans as agreed to by both Parties, and federal and state regulations.

The Implementation Plans are incorporated herein by this reference and made part hereof.

An online application portal will be available on the Commission's website for residents to apply and submit required documents. The Commission will also be contracting with community-based organizations to help with community outreach and to assist households with their applications, especially those without internet access. The Commission anticipates contracting with 211 San Diego to provide customer service and application assistance to households seeking information or assistance from the HSAP Program.

Exhibit B: CDBG Requirements and Restrictions

ARTICLE 1 – CDBG PAYMENTS

1.1 CDBG PAYMENT SCHEDULE.

- 1.1.1 Commission shall make timely, complete requests for reimbursements, as required by the forms and instructions issued by the City. However, in view of Section 1.1.2, it not anticipated that there will be any requests for reimbursement.
- 1.1.2 The City shall provide CDBG-CV Fund Allocations under this HSAP MOU in one lump sum payment in accordance with the terms and conditions of this HSAP MOU within ten (10) days of the effective date of this HSAP MOU. To the extent that this provision is inconsistent with the payment requirements set forth below, this requirement shall prevail.
- 1.1.3 In the event there are supplemental payments allocated to the Commission, the final payment to Commission, shall be withheld by the City until all reports required under this Agreement have been received by the City.

1.2 PAYMENT REQUIREMENTS AND RESTRICTIONS.

- 1.2.1 Commission shall not be reimbursed for any expenditure and/or service provided without proper and sufficient proof and documentation that each expenditure is an eligible reimbursement and that such eligible expenditure has been paid in full by Commission or that each service provided has been done in accordance with the Agreement and any and all applicable laws and regulations. In addition to providing such proof and documentation, Commission shall complete all of the necessary forms provided by the City in order to properly submit a request for reimbursement.
 - 1.2.1.1 Commission assumes all responsibility for taking the reasonably appropriate action to properly and timely submit requests for reimbursement to the City.
 - 1.2.1.2 Commission shall provide authentic, accurate, and legible written documentation including, but not limited to, invoices for all services provided and/or expenses incurred in accordance with this Agreement directly to the City on a monthly basis. Written invoices from any of Commission's Contractors, Subcontractors, or other vendors shall be provided to the City in the form originally provided to the Commission with no alterations or other markings on such invoices. Commission shall make original invoices immediately available to the City upon request. The documentation provided by Commission to the City shall include an itemized description of the completed service, the date such service was performed, and all supporting invoices and documentation sufficient for the City to adequately determine eligibility for reimbursement of each and every expenditure and that such expenditure has already been paid in full by the Commission. Invoices

approved by the City in accordance with the Agreement will be paid in a timely manner. Partial payments may be made for invoices that receive only partial approval.

1.2.1.3 Commission submittals shall be authorized by an individual authorized by the Commission to legally bind the Commission and authorized individual shall attest to its truthfulness and accuracy under penalty of perjury.

1.2.1.4 Commission acknowledges and understands that the City reserves the right to deny reimbursement for any request that is not properly submitted, including but not limited to Commission's failure to obtain the required signature certifications or to accurately complete the forms required by the City for reimbursement.

1.2.2 Commission shall not expend CDBG-CV funds on or be reimbursed for travel, meals, lodging, or entertainment expenses. However, certain of these types of expenses may be reimbursed, if they are part of the core purpose of the Project (such as a shelter, nutrition program, at-risk youth program, or other eligible program) and pre-approved, in writing, by the City. Commission shall not be reimbursed for alcoholic beverages, under any circumstances.

1.2.3 Commission shall not expend CDBG-CV funds on or be reimbursed for any costs incurred in its operations, directly or indirectly, during any period of federal, state, or local debarment, suspension, or ineligibility of Commission, when Commission has notice (actual, constructive, or implied) of such debarment, suspension, or ineligibility.

1.2.4 Any expenditure by Commission that is not within the prescribed limitations set forth in this Agreement and the FY 2021 CDBG Operating Manual, is not chargeable to the Project and shall be borne solely by Commission.

1.2.5 If Commission receives (or has received) additional funding for the Project from a source or sources other than the City, the use of which requires that Commission make an accounting to, or be subject to, an audit by such other source, then Commission shall charge Project expenditures to the appropriate funding source at the time incurred. Any cost incurred in connection with the Project which is properly chargeable to, and actually claimed for compensation under, a funding source other than the City, shall not be allowed as a chargeable cost under this Agreement.

1.2.6 Commission acknowledges and understands that the City must comply with HUD's requirement that funds allocated for the Project be expended in a timely manner and further understands that the City must timely and properly monitor and administer to all CDBG contracts.

1.2.6.1 Commission shall timely and properly submit a minimum of one request for reimbursement per month, unless the Commission otherwise seeks and obtains

a written exception to this requirement from the City. Commission shall submit such request for reimbursement within thirty (30) calendar days after the end of the month. Each request for reimbursement must be accompanied with all supporting invoices and documentation sufficient for the City to determine eligibility for reimbursement. Any failure to do so may be deemed a waiver of the Commission's right to reimbursement for such services or work performed, salary payment, or other Project expenditures incurred. However, Section 1.1.2 shall supersede this provision because of the one time disbursement of funds to the Commission.

- 1.2.6.2 Commission shall submit to the City any and all final requests for reimbursement for each Fiscal Year, including, but not limited to, any documentation substantiating this request within forty-five (45) calendar days of the expiration or termination of this Agreement or the end of the Fiscal Year for which the Commission's expenditure was made, whichever is sooner. Commission completely waives any and all rights to submit any further documentation of expenditures and to receive any reimbursement for any submissions of documentation beyond this time period. Furthermore, any such remaining fund balances in the Project for which a request for reimbursement has not been properly and timely submitted to the City shall be automatically subject to reprogramming.
- 1.2.7 Upon the determination of the City and/or HUD that any CDBG-CV funds or reimbursement has been provided to the Commission for an ineligible expenditure or based on a fraudulent or other illegal submittal of a request for reimbursement by the Commission, Commission shall return such funds to the City within fourteen (14) calendar days upon written request to the Commission. In addition to the remedies set forth in the Agreement, if Commission fails to timely return such funds, the City reserves the right to deduct such amounts from any future reimbursement owed to the Commission.
- 1.2.8 Upon the determination of the City and/or HUD that any CDBG-CV funds or reimbursement has been provided to the Commission based on an inadequate or improper submittal of a request for reimbursement by the Commission including, but not limited to, the provision of inadequate support documentation for expenditures or services provided and/or the failure to properly complete required forms, Commission shall provide any and all documentation required by the City and/or HUD in order to fully remedy such concern(s). Commission shall provide such documentation within fourteen (14) calendar days of any written request to the Commission. In the event that the Commission is unable or unwilling to remedy such concern(s), Commission shall return such funds to the City within fourteen (14) calendar days of any written determination by the City and/or HUD that such submittal remains inadequate or improper. In addition to the remedies set forth in the Agreement, if Commission fails to timely return such funds, the City reserves the right to deduct such amounts from any future reimbursement owed to the Commission.

ARTICLE II – REPORTS; DISCLOSURES; AUDITS

- 2.1 **MONTHLY REPORTS.** Commission shall submit to the City a fiscal and programmatic report on a monthly basis that summarizes the Project expenditures and Project goals accomplished during the month, along with all invoices and documentation required by the City. Commission shall also submit to the City a financial summary report for each Fiscal Year that provides confirmation of project expenditures claimed to and reimbursed by the City for costs incurred during the term of this Agreement and paid by Commission.

2.3 **AUDITS.**

- 2.3.1 For each fiscal year in which Commission receives CDBG Funds, Commission shall have Financial Statement Audits prepared in accordance with Generally Accepted Accounting Principles (GAAP) and audited by an independent Certified Public Accountant, in accordance with Generally Accepted Auditing Standards (GAAS). This audit shall include the following statements:

- (a) an audited financial statement to include a Balance Sheet, Income Statement, and Cash Flow Statement showing use of revenues and expenditures of all funds received by Commission;
- (b) a statement certifying compliance with all terms and conditions of the City's contract with Commission, and that all required reports and disclosures have been completed, signed, and submitted by an executive officer of Commission; and

Commission shall provide the City a copy of the Financial Statement Audit within nine (9) months of the end of Commission's fiscal year. Extensions of up to thirty (30) calendar days to this deadline may be granted by the City, upon written request by Commission.

Commission shall ensure that the Single Audit is completed within nine (9) months of the end of Commission's fiscal year. If the Commission is completing audits by calendar year (rather than fiscal year), the Commission shall ensure that the Single Audit is completed within nine (9) months of December 31st. Commission shall electronically submit to the Federal Audit Clearinghouse (FAC) a copy of the Single Audit that includes the required data collection and reporting package described in 2 C.F.R. 200.512 within thirty (30) calendar days of Commission's receipt of the audit or nine (9) months of the end of Commission's audit period.

2.3.2.1 Commission must submit a copy of any management letters issued by the auditor for the Single Audit to the City within nine (9) months of the end of Commission's fiscal year.

2.3.3 Commission shall ensure that the Financial Statement Audit and Annual Single Audit are completed by a Certified Public Accountant. Commission shall include a clause in any Agreement Commission enters into with an audit firm to provide access by the City or federal government to the working papers of the independent auditor who prepares the audit(s) for Commission. By executing this Agreement, Commission also waives any claim of privilege or confidentiality and consents to and authorizes any and all audit firms hired by Commission in connection with this Agreement to release any and all information obtained and utilized by any such audit firm as the basis of any audit report issued by the audit firm involving the Commission. Individual projects funded by the City shall be clearly identified in the audits, as well as the dollar amounts allocated to such projects by the City.

2.3.4 If Commission is subject to an audit from a source other than the City, Commission shall provide a copy of the audit to the City within thirty (30) calendar days of completion of the audit. The City, at its sole discretion, may conduct an annual review

of any such third-party audit(s). Commission shall fully cooperate with any such annual review by providing the City with any and all documentation associated with any such third-party audit(s) within fourteen (14) calendar days of request by the City unless otherwise specified by the City.

- 2.3.5 In the event that any type of audit or monitoring review reveals any pattern of suspicious or questionable request for reimbursement submittals to the City, the City in its sole reasonable discretion reserves the right to take action as provided under the Agreement including, but not limited to, immediately suspending the Agreement in whole or in part to further investigate such matters upon provision of written notice to the Commission.
- 2.3.6 In the event that an independent audit outlines any concerns about the Commission's accounting practices or internal controls which results in an opinion other than an unqualified opinion, the City reserves the right to immediately suspend or terminate this Agreement as well as any and all other active contracts between the City and the Commission involving the use of CDBG Funds effective immediately upon written notice to the Commission. Furthermore, the City reserves the right not to execute future contracts with the Commission until such times as an independent auditor can attest to an unqualified opinion that demonstrates the Commission's accounting practices and internal controls fully comply with GAAP. If the Commission is unable to obtain an unqualified opinion by an independent auditor within ninety (90) calendar days of the issuance of the initial independent auditor's opinion, the City further reserves the right to reprogram any and all pending CDBG Funds allocated to the Commission.
- 2.3.7 Commission shall fully cooperate with the City and any other auditors related to any review or investigation of Commission's conduct or action(s) relating to this Agreement. Such cooperation shall include, but is not limited to, the timely provision of responses and documentation requested in any such review or investigation. Failure by the Commission to do so shall constitute a material breach of the Agreement, which shall subject the Commission to immediate termination of the Agreement.

The City, HUD, and Comptroller General may retain copies of the same, with appropriate safeguards, if such retention is deemed necessary by the City, HUD, or Comptroller General in its sole discretion. The City will keep all copies of Project Records in the strictest confidence required by law. If Commission is unable to make any Project Records available for inspection within the County of San Diego, then Commission shall pay all of the City's travel-related costs to inspect and/or audit the Project Records at the location where the Project Records are maintained. Any refusal by Commission to fully comply with the provisions of this section shall be deemed a material breach of this Agreement and shall be grounds for immediate termination.

All Project Records shall be kept at Commission's (or relevant Subcontractor's) regular place of business. At any time during the storage period, Commission shall permit, and require its Subcontractors to permit, the City, HUD,

Commission shall comply with and make good faith and reasonable efforts to carry out the purposes of Executive Order 12166 relating to “Improving Access to Services by Persons with Limited English Proficiency”. Commission acknowledges that failure to ensure LEP access to HUD benefits may violate Title VI civil rights protections based upon national origin.
