

INFORMATIONAL REPORT

DATE ISSUED: February 24, 2022

REPORT NO: HCR22-039

ATTENTION: Chair and Members of the San Diego Housing Commission
For the Agenda of March 4, 2022

SUBJECT: December 2021 Reporting Update for the City of San Diego's Bridge Shelter Programs

NO ACTION IS REQUIRED ON THE PART OF THE HOUSING COMMISSION

The San Diego Housing Commission (Housing Commission) Board of Commissioners' approval (Report No. HCR17-079) and corresponding approvals by the Housing Authority of the City of San Diego (Housing Authority) and San Diego City Council (Report No. HAR17-029) require the Housing Commission to report monthly data of the City of San Diego's Bridge Shelter Programs in an Informational Report at regularly scheduled Housing Commission Board meetings.

BACKGROUND

The Housing Commission administers the agreements for the City of San Diego's (City) Homeless Shelters and Services Programs based on a Memorandum of Understanding (MOU) between the Housing Commission and the City that first took effect on July 1, 2010. The Housing Commission and City entered into a separate MOU for the Bridge Shelter Programs, which was approved by the Housing Commission Board of Commissioners on November 3, 2017, as well as the Housing Authority and San Diego City Council (City Council) on November 14, 2017.

As part of the November 2017 approvals, the Housing Commission, City Council and Housing Authority reallocated up to \$6,530,112 in funding previously allotted to HOUSING FIRST – SAN DIEGO, the Housing Commission's homelessness action plan, to support the City's Bridge Shelters. This approval supported the oversight and management of the Bridge Shelters, operated at three sites within the City, with the goals to address homelessness in the City and combat the regional Hepatitis A outbreak at the time. The Bridge Shelters offer a centralized location and safe place for men, women and children experiencing homelessness to receive temporary housing and appropriate services needed to expedite placement into permanent housing.

The MOU between the City and the Housing Commission and operating agreements with shelter operators have been renewed on multiple occasions with Board and Housing Authority/City Council approval, including the addition and expansion of a shelter at the San Diego Concourse and parts of Golden Hall and the addition of a shelter at 1710 Imperial Avenue.

On June 16, 2020, the City Council approved an MOU with the Housing Commission regarding the administration of Homeless Housing, Assistance, and Prevention (HHAP) program funding (Resolution R-313113). A portion of HHAP funds are allocated to fund the operation of the City's Bridge Shelter Program. The Housing Authority also approved Resolution HA-1859, authorizing execution of

agreements with Alpha Project, Father Joe's Villages (FJV) and Veterans Village of San Diego (VVSD) to operate the City's Bridge Shelters during Fiscal Year 2021. Additionally, the City Council approved Resolution R-313111, authorizing execution of an MOU with the Housing Commission for a one-year term, with two one-year options to renew, to operate the City's Bridge Shelter Program and Resolution R-313112 to remove references to the provision of Transitional Storage Center Services and bifurcate the MOUs.

On September 18, 2020, the Housing Authority approved an amendment to the operating agreement with FJV for the operation of the City of San Diego's Bridge Shelter for Families, Single Women and Transition-Age Youth (TAY) at Golden Hall, with expanded capacity to serve 280 additional Single Adults. This item was approved by the Housing Authority on October 6, 2020.

As part of former Mayor Kevin L. Faulconer's effort to increase the opportunity for shelter bed resources outside of the City of San Diego, the Sprung Structure that was located at the initial VVSD Bridge Shelter site was transferred by mutual agreement to the City of Chula Vista. For that reason and due to the reduced number of veterans utilizing the VVSD shelter site at the San Diego Convention Center as part of Operation Shelter to Home, as of November 30, 2020, the VVSD Bridge Shelter program located at the Convention Center ceased operations.

On January 26, 2021, the City Council appropriated an additional \$5,560,358 in Homeless Emergency Aid Program (HEAP) and Community Development Block Grant (CDBG) funds to support the extension of Operation Shelter to Home through March 31, 2021. In addition, the City Council, in its role as the Housing Authority, authorized the Housing Commission to expend \$2,000,000 in federal Moving to Work (MTW) funds to fund the operator agreements for the three Bridge Shelters. These MTW funds partially replace HHAP funds previously allocated to fund the Bridge Shelter operations, thereby making those HHAP funds available to the City of San Diego to support the continuation of Operation Shelter to Home at the Convention Center.

Client transitions to both new and pre-existing shelter programs began in early March, with the final move-out dates on March 23 and March 24. Throughout the month of March 2021, staff supported Convention Center residents in transitioning to other shelter options or permanent and longer-term housing opportunities.

Beginning June 1, 2021, the Housing Commission, City of San Diego and shelter operators began planning for the expansion of shelter bed capacity to pre-COVID levels with the intent of having the additional capacity fully operational by the end of August 2021. This initial timeline had been extended due to bunkbed manufacturing and shipping delays and in consideration of impacts of the COVID-19 Delta variant throughout the region. The additional bunk beds were delivered and operational by the end of October 2021.

MONTHLY REPORTING – DECEMBER 2021

The charts below provide an overview of data captured in December 2021 for the following Bridge Shelter programs:

- Single Adult Bridge Shelter located at 16th Street & Newton Avenue, operated by Alpha Project

- Single Adult Bridge Shelter located at 17th Street & Imperial Avenue, operated by Alpha Project
- The Bridge Shelter for Single Adults, Families, and Transition-Age Youth (TAY) located at Golden Hall, operated by FJV

As of December 31, 2021, Bridge Shelters provided a total of 936 beds nightly—726 beds for single adults, 164 beds for families with children (146 beds and 18 cribs), and 46 beds for TAY. On August 9, 2021, the San Diego Police Department’s (SDPD) Direct Placement Program was reactivated at the Single Adult Bridge Shelter located at 16th Street & Newton Avenue. Fifty beds are allocated to the Direct Placement Program. At FJV’s Paul Mirable Center, 50 beds are dedicated to the Neighborhood Policing Division Homeless Outreach Team (HOT).

In December 2021, the Bridge Shelters provided shelter to 1,024 households¹, consisting of 1,148 individuals.

Table One: Total Households Served

SHELTER	Households Served in December 2021	Total Households Served in FY22
16 th & Newton (Alpha Project) – Single Adults*	343	800
17 th & Imperial (Alpha Project) – Single Adults	184	535
Golden Hall (FJV) – Single Men	382	718
Golden Hall (FJV) – Families with Children	54	119
Golden Hall (FJV) – Transition Age Youth (TAY)	61	163
TOTAL HOUSEHOLDS SERVED	1,024	2,335

*NOTE: Data for the Single Adult Bridge Shelter located at 16th Street & Newton Avenue includes persons served by the SDPD’s Direct Placement Program. The Direct Placement Program served 75 individuals in December 2021 and has served 180 individuals total in FY22.

¹ A household may be composed of a single individual or a family unit.

Chart One: Average Daily Bed Occupancy Rate - Last Three Months

Intakes

Coordinated intakes into the Bridge Shelter programs are facilitated seven days a week by the Coordinated Shelter Intake Team in conjunction with City-funded outreach teams, including Bridge Shelter Outreach teams, the San Diego Police Department Neighborhood Policing Division’s Homeless Outreach Team (HOT) and Homelessness Response Center staff. Intakes are conducted in alignment with all applicable County of San Diego Public Health guidelines. City-funded outreach teams, including the San Diego Police Department’s HOT, are approved referring partners and receive daily updates on shelter bed availability. Housing Commission staff review referrals and match clients with the available and most appropriate shelter intervention.

In December 2021, the Bridge Shelters conducted 298 intakes—210 intakes into Bridge Shelters for single adults, 59 intakes into the family Bridge Shelter, and 29 intakes into the TAY Bridge Shelter. The 298 intakes include individuals who may have entered more than once, and represent 230 unique single adults/TAY and 18 unique families with children (totaling 59 individuals).

As COVID-19 cases surged among the general population, similar increases in case rates occurred in the population of people experiencing homelessness who reside in the City’s shelter system. Regularly scheduled COVID-19 testing administered during the weeks of December 13 and December 27 yielded a significant number of COVID-19 positive cases. In alignment with public health guidelines, client intakes were temporarily suspended at all three Bridge Shelter Programs.

Amid this regional increase in cases, there was a high demand for the County of San Diego isolation hotel rooms and a need to prioritize patients discharged from hospitals who still needed isolation. This meant the County had to manage prioritization of competing needs as the omicron variant impacted the region. Due to this limited room availability through the County of San Diego's Temporary Lodging Program, increasing COVID-19 cases across shelter programs and the lack of

space in shelters to isolate clients in large numbers, the City established two temporary isolation spaces with a capacity to serve 65 individuals. City, Housing Commission, shelter providers and County Public Health staff work in close coordination to facilitate the transition of COVID-19 positive clients from a City isolation space into Temporary Lodging as quickly as possible.

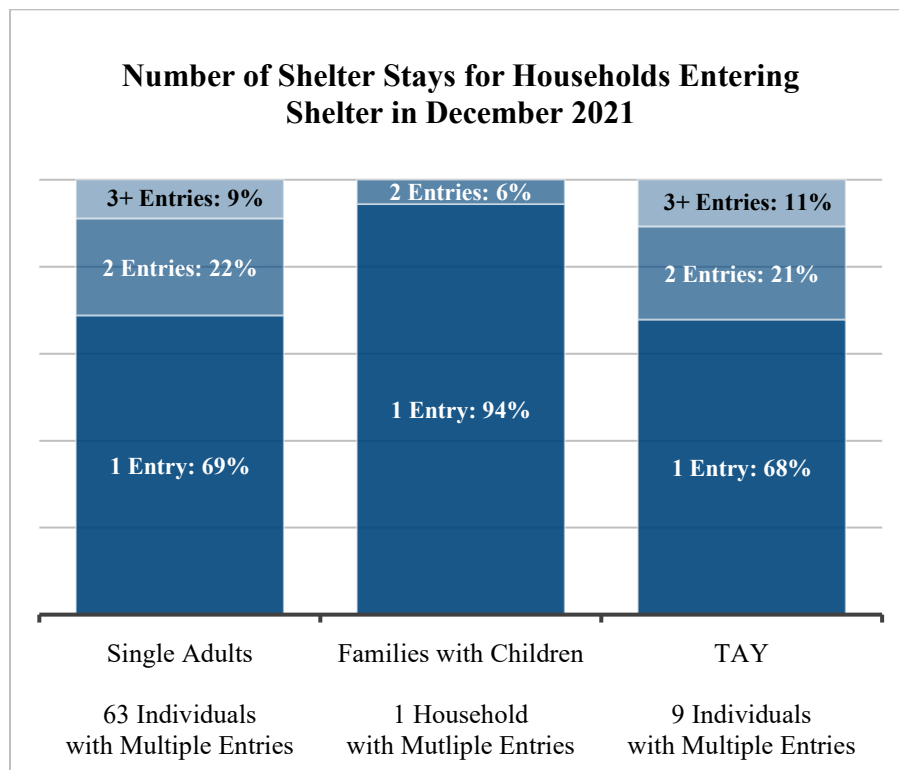

Table Two: Bridge Shelter Intakes* by Subpopulation

SUBPOPULATION SERVED	Total Intakes in December 2021	Total Intakes FY2022
Single Adults	210	1,719
Families with Children	59	380
Transition-Age Youth (TAY)	29	156
TOTAL	298	2,255

*NOTE: Includes individuals with multiple entries

Of the 298 total intakes in December 2021, totaling 248 households, 212 intakes (71 percent) were for 175 households entering a Bridge Shelter once in Fiscal Year 2022; 61 intakes (20 percent) were for 52 households with two entries into a Bridge Shelter; and 25 intakes (9 percent) were for 21 households with three or more entries into a Bridge Shelter.

Chart Three: Shelter Entries for Households Entering Shelter - December 2021

Of the 248 Households (298 intakes) entering the Bridge Shelters in December 2021, 150 households (60 percent) remained in shelter on December 31, 2021, and 98 households (40 percent) exited the shelters on or before December 31, 2021. The average length of stay for the 98 households exiting shelter was eight days.

Positive Exits

Between July 1, 2021, and December 31, 2021, 198 households had positive exits from shelter—114 households exited to permanent destinations, and 84 households exited to other longer-term housing destinations. “Positive Exits” include exits to the following destinations:

- Permanent Destinations:
 - Rental with Permanent Supportive Housing (PSH) Subsidy, including Veterans Affairs Supportive Housing (VASH - veteran resource), Project One for All (POFA) Project-Based PSH, and Sponsor-Based PSH
 - Rental with Rapid Rehousing (RRH) Subsidy, including Supportive Services for Veteran Families (veteran resource)
 - Rental with Other Subsidy, including Grant Per Diem (GPD) Transition In Place (TIP) (Veteran resource), Section 8 Housing Choice Voucher, or any other non-PSH or non-RRH housing subsidy
 - Rental with No Subsidy
 - Living with Friends/Family on a permanent basis
- Other Longer-Term Housing Destinations:
 - Temporarily living with family/friends
 - Transitional housing
 - Safe haven
 - Host homes (TAY resource)
 - Foster care
 - Substance abuse treatment facilities
 - Long-term care facilities (nursing homes)

Table Three: Positive Exits – Fiscal Year 2022

Positive Exit Destination	16 th & Newton (Alpha)	17 th & Imperial (Alpha)	Golden Hall (FJV)			TOTAL HOUSEHOLDS
	Single Adults	Single Adults	Single Men	Families with Children	TAY	
Permanent Supportive Housing (PSH)	11	9	9	0	1	30
Rental – Rapid Rehousing (RRH)	1	2	5	0	0	8
Rental – Other Subsidy	3	2	3	0	0	8

Rental – No Subsidy	5	7	5	2	3	22
Family/Friends (Permanent)	9	3	19	6	9	46
Other Longer-Term Housing	26	16	16	13	13	84
TOTAL HOUSEHOLDS	55	39	57	21	26	198

Status of Households Active in Shelter

On December 31, 2021, 729 individuals/households were enrolled in a Bridge Shelter. Of those 729 individuals/households, 98 (13 percent) were connected to a Rapid Rehousing (RRH) or Permanent Supportive Housing (PSH) resource, and 45 individuals/households (6 percent) had been referred to an Emergency Housing Voucher (EHV) resource. The U.S. Department of Housing and Urban Development's (HUD) EHV program is providing 70,000 Housing Choice Vouchers to Public Housing Authorities (PHAs) nationwide for persons experiencing homelessness, with 480 EHV's awarded to the Housing Commission, and an additional 339 EHV's awarded to other PHAs throughout the county.

Table Four: Sheltered Households Connected to Permanent Housing Resources on December 31, 2021

Permanent Housing Resource	16 th & Newton (Alpha)	17 th & Imperial (Alpha)	Golden Hall (FJV)			TOTAL HOUSEHOLDS
	Single Adults	Single Adults	Single Men	Families with Children	TAY	
Permanent Supportive Housing (PSH)	27	5	29	0	3	64
Rapid Rehousing (RRH)	10	7	6	5	6	34
Emergency Housing Voucher (EHV)	8	8	28	1	0	45
TOTAL HOUSEHOLDS	45	20	63	6	9	143

Fiscal Considerations

Across all three Bridge Shelters, the operational expenses incurred from July 1, 2021, through December 31, 2021, were \$5,868,933 which is \$2,707,480 less than the allocated budget for this time period. This is predominantly a result of personnel costs that were lower than budgeted, a decrease in occupancy levels due to the temporary suspension of client intakes, and a delay in the reimbursement submission for the Families, Single Adults & TAY Shelter. As of December 31, 2021, there were 48 total budgeted positions for case managers, supervising case managers, employment specialists, SOAR/benefit specialists and housing specialists across the Bridge Shelter programs. Of those 48

positions, 34 are filled. Recruitment of case managers and supervising case managers continues to be a challenge for the shelter operators. This is attributed to a combination of factors, including: a limited workforce with the necessary skillset and qualifications as well as increased competition for case management and supervision classifications, both of which have been exacerbated by the COVID-19 pandemic.

Table Five: Expense Actuals Compared to Budget – December 2021

SHELTER	November OPERATING	December OPERATING	*ACTUALS THROUGH 12/31/2021	BUDGET THROUGH 12/31/2021	UNDER/OVER SPENT
Newton Single Adult (Alpha Project)	\$428,142	\$395,342	\$2,331,318	\$3,287,299	\$(955,981)
Families, Single Adults & TAY (FJV)^{2*}	\$	\$	\$2,299,882	\$3,809,283	\$(1,509,401)
Imperial Single Adult (Alpha Project)	\$230,561	\$188,678	\$1,237,733	\$1,479,831	\$(242,098)
TOTALS	\$658,703	\$584,020	\$5,868,933	\$8,576,413	\$(2,707,480)

*NOTE: As of December 31, 2021 the Housing Commission has received, reviewed and processed requests for reimbursement for operational expenses between July through October for the Families, Single Adults & TAY Shelter. Submissions for both November and December are pending. .

OUTREACH ACTIVITY

Bridge Shelter Outreach teams are a component of the City of San Diego's Coordinated Street Outreach Program and are providing intensive street-based case management for individuals in an assigned neighborhood and/or Council district. Outreach specialists focus on engaging highly vulnerable individuals as well as those who are connected to a housing resource. Bridge Shelter outreach teams reported 262 client interactions in December 2021. For more details on the City of San Diego's Coordinated Street Outreach Program activities, visit the Homeless Programs Reporting Dashboards on the Housing Commission website (<https://www.sdhc.org/homelessness-solutions/city-homeless-shelters-services/>).

Infectious Disease Mitigation

Beginning in early March 2020, the Housing Commission began sending regular updates to homeless shelters and services providers on ongoing activities of the Regional Task Force on Homelessness (RTFH), the Housing Commission, City of San Diego, and County of San Diego to mitigate the spread of COVID-19 among homeless shelters and services programs and unsheltered populations.

The City of San Diego, RTFH, and Housing Commission staff continue to provide guidance to service providers as needed during this time to support alignment with County Public Health and CDC guidance to protect the health and safety of staff and clients, which includes symptoms

² These numbers do not yet incorporate the additional budget for the downstairs of Golden Hall.

monitoring for staff and clients, requirement of enhanced sanitation and cleaning practices, and utilization of personal protective equipment.

In addition to the mitigation efforts for COVID-19, in October, shelter staff and shelter funded outreach staff implemented education and communication strategies to address the spread of Shigella, a bacterial illness affecting the digestive system. These efforts include educating clients about Shigella, such as the symptoms, risk factors, how to mitigate the spread of infection, and reporting requirements if tested positive. Other mitigation efforts include posters with information on how to properly wash or clean your hands inside the client restrooms, handwashing stations, and hand sanitizing stations. Staff also provide information to clients verbally, and information is posted on flyers located on-site, which provide information on other infectious diseases about symptoms, vaccination, prevention and control.

A Joint Hazard Assessment Team (JHAT) composed of representatives with the City of San Diego Homelessness Strategies Department, San Diego Fire Rescue Department, County of San Diego Public Health and the Housing Commission conducts periodic site visits on a regular basis to review compliance with life safety and public health guidelines, facility/environmental issues, as well as to solicit feedback from staff on general operations.

The site visits focus on:

- Utilization and completion of the Daily Public Health Screening Log
- Social Distancing in all staff workspace, client living areas and communal space
- Staff/Client compliance with face mask requirements
- Isolation Area
- Availability and maintenance of hygiene stations
- Facility maintenance issues

Stakeholders recognize that the ongoing operations of the shelter programs are a shared responsibility and are committed to making sure that resources are available to assist each service provider in maintaining a safe space for both clients and staff.

Respectfully submitted,

Lisa Jones
Executive Vice President of Strategic Initiatives
San Diego Housing Commission

Approved by,

Jeff Davis
Deputy Chief Executive Officer
San Diego Housing Commission
