Average Monthly Bed Occupancy Rate – Last Three Months

Single adult shelters include beds utilized by SDPD and the SDPD Homeless Outreach Team (HOT) The Harm Reduction Shelter opened on December 18, 2021.
NOTE: Actual bed availability throughout the month may fluctuate due to COVID-19; intakes may be temporarily suspended and occupancy may therefore be lower when COVID-19 positivity rates temporarily increase.

These data are based on maximum beds in the system and do not account for beds that are temporally offline due to COVID mitigation measures, such as social distancing or isolating in place. Additionally, given the varying family sizes served in the Golden Hall Families with Children shelter, and the shelter bed composition, there may be instances in which a bed is left vacant but is not available as the operator strives to keep households together in their assigned living areas.

C Street Inn

The San Diego Housing Commission (SDHC) continues to help C Street Inn residents identify and relocate to alternative permanent rental housing as quickly as possible in support of the City Attorney’s Office’s efforts regarding this property at 636 C Street.

As of November 8, 2022:

- A total of 58 residents moved to permanent housing.
- SDHC has connected 34 residents to rental assistance programs.
- A total of 46 residents received motel assistance, of whom 23 residents are still currently receiving this assistance.

SDHC staff continues to process payments for the motel stays with funding allocated by the City of San Diego and will be meeting in mid-November to discuss next steps for the residents still staying in a motel.

SDHC engaged in extensive outreach to connect with residents, including multiple events on the sidewalk outside of the property. The City Attorney’s Office has continued to provide relocation assistance checks to residents when they find a permanent rental home or move to a motel temporarily.
