

## INFORMATIONAL REPORT

**DATE ISSUED:** January 6, 2023 **REPORT NO:** HCR23-012

**ATTENTION:** Chair and Members of the San Diego Housing Commission  
For the Agenda of January 12, 2023

**SUBJECT:** September 2022 Reporting Update for City of San Diego's  
Storage Connect Center I

### **NO ACTION IS REQUIRED ON THE PART OF THE HOUSING COMMISSION**

#### **BACKGROUND**

The San Diego Housing Commission (Housing Commission) administers agreements for the City of San Diego's (City) Homeless Shelters and Services Programs based on a Memorandum of Understanding (MOU) between the Housing Commission and the City that first took effect on July 1, 2010. The Housing Commission and City entered into a separate MOU to administer the City's Transitional Storage Programs, which was approved by the Housing Authority and City Council on June 16, 2020. The MOU between the Housing Commission and the City for the Transitional Storage Programs expires on June 30, 2023.

The Storage Connect Center I (SCCI) helps keep homeless San Diegans' belongings off of downtown streets, sidewalks, and storefronts by providing a safe place for individuals to keep their belongings as they attend to their personal needs, which may include working on housing options, looking for work, attending classes, meeting with service providers, seeking medical care, or other activities such as accessing cleaning or washing facilities.

SCCI is open Monday through Friday from 7 a.m. to 7 p.m., and Saturday and Sunday from 8 a.m. to 11 a.m. Pursuant to the Housing Authority's approval of the operating Agreement (Resolution No. HA-1777), SCCI provides a maximum of 500 storage bins<sup>1</sup> that can be utilized at any given time and also requires the Housing Commission to "provide written reports on number of Clients served, utilization rate, any changes to operation, outreach activity, connections to other services and housing, at least monthly and upon request by the Council President/Chair of the Housing Authority."

SCCI operator, Mental Health Systems (MHS), informed the Housing Commission that the organization's name changed to "Mental Health Systems (MHS) dba TURN Behavioral Health Services," starting July 1, 2022.

#### **HOUSING COMMISSION STRATEGIC PLAN**

This item relates to Strategic Priority Area No. 4 in the Housing Commission's Strategic Plan for Fiscal Year (FY) 2022 – FY 2024: Advancing Homelessness Solutions – Supporting the City of San Diego Community Action Plan on Homelessness.

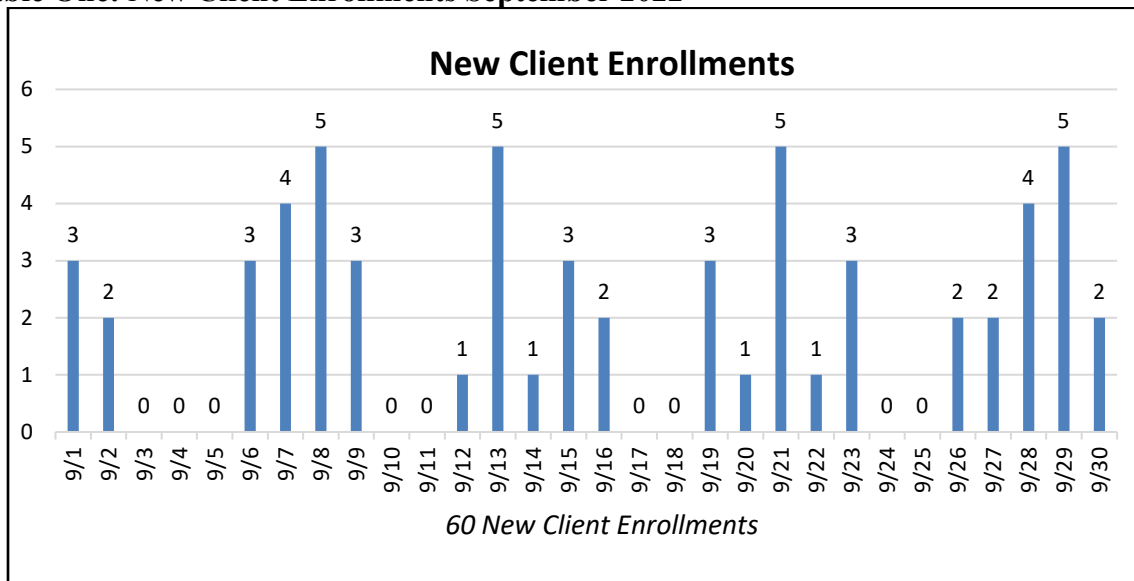

---

<sup>1</sup> The Housing Authority and the City Council mandated a maximum of 500 storage units in the March 2018 approval for operation of the Center.

**MONTHLY REPORTING SUMMARY – SEPTEMBER 2022**

The tables below provide an overview of data for SCCI in September 2022. SCCI enrolled 60 new clients and served 512 total clients throughout the month of September. Of the 512 clients served in September, 448 of them returned to SCCI to access their storage bins, and the total number of return check-ins in September was 2,426. Forty-one clients exited SCCI in September.

It is included in this report for informational purposes only.

**COMMUNITY ENGAGEMENT**

Prior to the opening of SCCI, the operator, MHS, sought the input of residents in the neighborhoods surrounding SCCI to ensure a successful partnership with the community. A Community Advisory Committee was formed, and a meeting is held quarterly in July, October, January and April, with representatives from MHS, the Housing Commission, San Diego Police Department, the City's Environmental Services Department, the Mayor's office, and San Diego County Behavioral Health Services in attendance. Community members from the neighborhood surrounding Storage Connect Center II, located in the Chollas Creek area, also attend the meetings.

The meetings provide space for community members to share their concerns and allow the project's affiliated partners to share information and update the community on new initiatives that will serve or benefit unhoused persons living in the area. In addition, a summary of the meeting is provided to the Community Advisory Committee as well as City Councilmembers.

**PUBLIC HEALTH**

Homeless shelters and services providers are responsible for implementing business practices in compliance with state and/or local public health guidelines to prevent the spread of communicable diseases. The service providers are responsible for notifying clients to follow all public health guidelines of the program and any public health orders in effect while clients are accessing program services.
