SECTION 1 · OVERVIEW AND PURPOSE

Homeownership has always been – and continues to be – the single best long-term investment for most Americans. It is a primary source of wealth and financial security for many households, helping to provide for education, retirement and more. Benefits include: individual asset accumulation – primarily through home price appreciation and paydown of the principal balance on a mortgage, which in turn leads to other opportunities for building wealth for current and future generations (e.g., education, small business, etc.); enhanced satisfaction with one’s housing and neighborhood; stronger neighborhood ties and civic participation; positive outcomes for children, including higher educational attainment, and increase in future homeownership rates; improvements in individual housing quality; and stronger neighborhoods.

In an effort to strengthen neighborhoods and families, the City of El Cajon offers loans designed to assist Lower-Income to purchase a new or existing single-family residence or condominium home within the City of El Cajon under the American Dream First Homebuyer Program (FTHB Program). The FTHB Program may utilize a combination of HOME, and CALHOME funds, depending upon availability and Borrower eligibility.

To maximize the effectiveness of the FTHB Program as a vehicle for ensuring affordability, the assistance provided by the City will be in the form of a deferred payment, non-interest-bearing loan(s) with provisions for repayment of the principal amount and a share of any equity in lieu of interest (except in the case of default). Depending on the funding source, the principal and equity-share (or interest in the case of default) is due and payable upon a variety of conditions or circumstances, the most common one being the sale or transfer of the home. In all programs, the principal amount is never forgiven and must be repaid upon non-owner occupancy of the program-assisted property.

The City’s loans are intended to provide long-term residency in the program-assisted home. In all programs, a Period of Affordability (or Affordability Period) is imposed which sets forth the minimum period of time properties are required to be occupied by a Borrower as his/her principal place of residence under the regulations pertaining to the loan’s funding source.

The First-Time Homebuyer Program Manual simply sets forth the policies and procedures for all First-Time Homebuyer (FTHB) Programs administered by the City of El Cajon. All policies and procedures are subject to change without notice.

FUNDING SOURCES AND FUNDING AVAILABILITY

Currently, the City of El Cajon uses Federal and State funding (when available) to implement the American Dream FTHB Program. Through the U.S. Department of Housing & Urban Development (HUD), the City receives an annual allocation from the HOME Investment Partnership (HOME) Program funds. In addition, when funding is available, the City has the opportunity to apply for additional funding through the California Department of Housing and Community Development (HCD) for CalHome or other funding. These funding sources allow the City to provide leveraged down-payment and closing cost assistance for eligible lower-income families.

Funding for the California Dream¹ FTHB Program **is no longer available on an ongoing** basis due to the dissolution of the former El Cajon Redevelopment Agency on February 1, 2012.

Although the above-mentioned sources of funding are identified for FTHB Program assistance, receipt of these funds are subject to annual funding allocations at the Federal, State, and local level or from loan repayments. The City will continually search for new funding sources to increase homeownership opportunities in and assistance may come in various forms provided directly from the City or through outside sources including: FTHB Program assistance, Mortgage Credit Certificates, homebuyer education partnerships, or other creative assistance that may become available in the near future.

The City has contracted with the San Diego Housing Commission (SDHC) to administer the City's American Dream First-Time Homebuyer Program using Cal-Home funds and HOME funds. All loan applications must be submitted through SDHC's First Time Homebuyer Lender Portal located at www.sdhc.org/housing-opportunities/first-time-homebuyers/participating-lenders/. SDHC will be completing the eligibility and underwriting reviews and loan processing activities on behalf of the City, all the way through to loan document and escrow closing, in coordination with the City's Community Development Department-Housing Division.

Only complete packets may be submitted to the SDHC. Should you have any questions regarding your submission, please contact SDHC at fthb@sdhc.org.

In lieu of the limits provided by HUD, a PJ may determine 95 percent of the median area purchase price for single family housing in the jurisdiction annually in accordance with procedures established at § 92.254(a)(2)(iii). The PJ must submit these limits as part of its Consolidated Plan/Annual Action Plan.

Effective July 1, 2023, the limit increased to \$760,000 for a single-family home and \$444,600 for a Condominium (subject to HUD approval). For CalHome Loans, the City uses the HOME Limits.

APPENDIX D

American Dream First-Time Homebuyer Program Shared Equity Example¹

NOTE: The maximum equity to be shared by the City shall not exceed the amount equal to the percentage of the value of the residence financed by the CalHome and HOME Program loan(s). That is, if the loan equals twenty percent (20%) of the **Original Purchase Price** of the residence, a maximum of twenty percent (20%) of the **Net Appreciation** may be charged by the City.

The following *example* assumes the following: (a) **Current Sales Price** or **Current Appraised Value** (as may be the case of a refinance), in the example, of \$260,000, (b) **Original Purchase Price (OPP)** of \$180,000, (c) initial **Gross Appreciation** of \$80,000 (the Current Sales Price of \$260,000 minus the Original Purchase Price of \$180,000), (d) \$26,000 in closing costs (estimated at 10% of the **Current Sales Price**), (e) initial **Net Appreciation** of \$54,000, and an equity share schedule based on the percentage of CalHome assistance of \$30,150 (16.75% of OPP) and HOME/ADDI assistance of \$14,850 + \$5,000 (11.03% of (OPP)) on an Initial Purchase Price of \$180,000. **The table is for the purpose of illustration only and will apply to any form of default of the City administered Programs. Actual sales price and net sales price will vary. The principal amount of the loans remains due and is in addition to any equity-share that may be owed to the City.**

# Months After Date of Agreement	Current Sales Price or Current Appraised Value (a)	Original Purchase Price (b)	Gross Appreciation (c) (difference of a-b)	Seller's Closing Costs (d) (10% of Current Sales Price)	Net Appreciation (e) (c-d)	Seller's Equity Share of Net Appreciation (f) (72.22% of [e])	CalHome & City Equity Share of Net Appreciation (g) (27.78% of [e])	Principal Amount Due to City (h)	Total Amount due to City (g+h)
0-180	\$260,000	\$180,000	\$80,000	\$26,000	\$54,000	\$38,998.80	\$15,001.20	\$50,000	\$65,001.20
181 and thereafter	\$285,000	\$180,000	\$105,000	\$28,500	\$94,500	\$94,500.00	\$0	\$50,000	\$50,000.00

In this *example*, the finance charge/equity-share varies between \$0² and \$15,001.20 through year fifteen (15). Your amount will differ, depending upon gross sales price, net sales price, the amount of equity, the number of months after the date of agreement that the sale, transfer, rental or refinance occurs, etc.

In the event that no Net Appreciation exists at the time of transfer or sale, the CalHome and HOME funds will still be due and payable. In the event that a negative Net Appreciation situation exists, and the full amount of the HOME funds are not available to be recaptured, the amount of HOME funds required to be repaid to the City, at its sole discretion will be as set forth in 24 CFR 92.254(a)(ii)(A)(3). The formulas are as follows:

$$\frac{\text{HOME Investment}}{\text{HOME Investment} + \text{Homeowner Investment}} \times \text{Net Proceeds} = \text{HOME amount to be recaptured}$$

$$\frac{\text{Homeowner Investment}}{\text{HOME Investment} + \text{Homeowner Investment}} \times \text{Net Proceeds} = \text{Amount to Homeowner}$$

Provided that Borrower is not in default under the terms of the Note, the Note interest/equity share shall be forgiven in its entirety and interest in the equity of the Property shall be relinquished by the City fifteen (15) years from the date of the execution of the Note, as provided in the loan documents.

All documentation necessary to establish said improvements must be submitted to the City for review. Please contact the City of El Cajon Building Division to ensure that any Documented Capital Improvement meets current code and permits are obtained when required.

"Effective Period" or **"Period of Affordability"** is defined as the period commencing on the date of this Agreement and ending on the earlier of the repayment of the loan from the City or thirty (30) years after recordation of the Deed of Trust.

"Equity Share Period" is defined as the fifteen (15) year period after recordation of the Deed of Trust in which the City shall share Net Appreciation if the property is sold, rented, refinanced, conveyed or transferred (except as provided in the Note), without the express written consent of the City.

"Gross Appreciation" is calculated by subtracting the Original Sales Price from the Current Sales Price or Current Appraised Value.

"HOME Funds" or **"HOME Investment"** is defined as funds received pursuant to the HOME Investment Partnership Program.

"Homeowner investment" is defined as the amount of Seller's Cash Contribution and Documented Capital Improvements made by the owner since purchase.

"Net Appreciation" is calculated by subtracting the Seller's Applicable Closing Costs, Seller's Cash Contribution in the Original Purchase Price transaction, and the documented value of capital improvements from the Gross Appreciation amount.

"Net Proceeds" is defined as the sale prices minus superior loan repayment and any closing costs. Under no circumstances can the City (American Dream FTHB Program) recapture more than is available from the Net Proceeds of the sale.

"Original Purchase Price" is defined as the amount paid for the assisted property, plus any financed upgrades or closing costs as listed on the Final HUD-1 Settlement Statement.

"Seller's Cash Contribution" is defined as cash deposited by the Borrower plus any gift funds approved by the City (less any refund) in the Original Purchase Price transaction. Seller's Cash Contribution does not include any credit for closing costs, rebate financing, concessions, etc., provided by any party other than borrower.

"Seller's Applicable Closing Costs" include those costs of broker's commissions' escrow fees, title costs and fees, recording fees, etc.

¹ Upon request of an assisted household, the City may elect to forgive all or a portion of the Equity-Share upon sale, if the assisted property is sold to another low-income household who utilizes HOME or CalHome funds for the purchase of the property. City review and approval will be required.

² Equity-share would equal \$0 in the event the property is sold to another qualified family who applies for CalHome/HOME assistance and the City elects to forgive the entire equity-share portion due to the City.

PROPERTY STANDARDS

The Acceptability Criteria listed with each section sets the **minimum** standards that must be met in all residential units. The Interpretation of Acceptability Criteria listed after those criteria are the standards that HUD feels should also be met if the property is to have long-term utility and contribute to the livability of the unit.

For homeownership units that will be acquired:

Housing must meet PJ (“City”)-established standards of decent, safe, sanitary and in good repair at the time title is transferred to the buyer; and

PJ (“City”) standard must include state and local standards and must address, at a minimum, specific deficiencies based on inspectable items and areas in HUD’s Uniform Physical Condition Standards, as identified by HUD; and

PJ (“City”) must inspect property within 90 days of commitment. If housing does not meet standards, it must be rehabbed to meet rehab standard.

Copy of property inspection report, no earlier than 90 days before the commitment of HOME funds for acquisition.

PROPERTY STANDARDS

ACCEPTABLE CRITERIA AND INTERPRETATIONS

A. SITE AND NEIGHBORHOOD – The site and neighborhood shall be reasonably free from disturbing noises and reverberations and other hazards to the health, safety and general welfare of the occupants.

ACCEPTABILITY CRITERIA – The site and neighborhood shall not be subject to serious adverse environmental conditions, natural or manmade, such as:

1. Dangerous walks, steps or instability;
2. Flooding, poor drainage, septic tank back-ups, sewer hazards or mudslides;
3. Abnormal air pollution, smoke or dust;
4. Excessive noise, vibrations or vehicular traffic;
5. Excessive accumulations of trash;
6. Vermin or rodent infestation;
7. Fire hazards;

Generally, approval of an area under a CDBG, and/or HOME will be sufficient to meet these criteria.

INTERPRETATION OF ACCEPTABILITY CRITERIA

1. All steps and walks should be level, free from dangerous cracks, crumbling or breaks, tripping hazards, broken & missing materials, etc., and be provided with sufficient pitch to prevent water accumulation.
2. The lot should have positive drainage away from the dwelling and/or dwelling unit to prevent standing water at the foundation.
3. No additions.
4. No additions.
5. Any materials, which accumulate on a property in the neighborhood, should be removed or screened and arranged in a manner that does not detract from the general appearance of the neighborhood.
6. No additions – see #5 above – removal of trash, garbage, debris, etc., will significantly reduce infestation problems.
7. The site should be free from fire hazards, such as the storage of highly flammable materials, etc.

B. ACCESS – The dwelling/dwelling unit shall have adequate access for the occupants.

ACCEPTABILITY CRITERIA

1. The dwelling/dwelling unit shall be usable and capable of being maintained without unauthorized use of other private properties.

ACCEPTABILITY CRITERIA

1. Ceilings, walls (interior and exterior), floors, roofs, porches, etc., shall not have any serious defects such as severe bulging or leaning, large holes, loose surface materials, severe buckling or noticeable movement under walking stress, missing parts, or other serious damage.

INTERPRETATION OF ACCEPTABILITY CRITERIA

This includes the repainting and/or installations of siding to protect the exterior surface from the elements. The interior walls should be repaired/replaced as required to facilitate this criterion.
3. The roof structure should be firm in that all roof-framing members should be free from cracks and rot. The roof sheathing should be solid and free from sagging, buckling, heaving, etc. If the roof appears to be well worn, it should be replaced. If possible, the best replacement will include stripping all the way down to the sheathing and replacing. If costs dictate, a second layer of roofing can be installed over the first layer. If there are already two or more layers of roofing materials, the roof should be stripped down to the sheathing, and if necessary, replace the sheathing and then install the new roof covering.
4. Concrete block or brick foundations, piers and pilings, should be inspected for loose mortar joints. All empty or cracked mortar joints should be tuck-pointed in an acceptable manner to match, as closely as possible, the rest of the structure. The joints should be recessed. The chimney should be inspected for loose mortar joints and proper height. All empty or cracked mortar joints should be tuck-pointed in an acceptable manner to match, as closely as possible, the rest of the chimney. The joints should be recessed.
